The language in the amendments below represents term extensions and/or funding to support the continuation of existing services to the Cover Tennessee population. Contract Period *(with ALL options to extend exercised)*	**85 months**
Contract Maximum Liability *(with ALL options to extend exercised)*	**$ 59,986,900.00**

Rule *(for which the exception is requested)*

- ☐ **0620–3–3–.03(2)(a)** OR **0620–3–3–.05** requiring compliance with relevant model guidelines (only if required by oversight authorities)

- ☐ **0620–3–3–.07(22)** requiring contractor travel reimbursement in accordance with state travel regulations
- ☐ **OTHER** *(cite the relevant rule below)*

Explanation of Rule Exception Requested	**This amendment would allow this competitively identified contractor to continue the provision of the statewide pharmacy assistance program for eligible adults for an additional 24 month period of time beyond the initial five year term of this contract.**
Justification	**In consideration of potential implications of the Patient Protection and Affordable Care Act (PPACA) on this and other Cover Tennessee programs, Cover Tennessee is requesting exception to the rule prohibiting a contract term greater than five (5) years. The extent of this legislation continues to evolve and with many aspects taking effect in 2014, we feel is not only in the best interest of the enrollees, but is cost-effective to the State to continue with the current vendor rather than conduct an RFP to identify a new vendor for a one or two year contract term.**

16. Evidence Contractor's Experience & Length Of Experience Providing the Service

Express Scripts was founded in 1986 and has never been owned by a drug manufacturer. It's interests are with those of plan sponsors and their members. This independence means that the company's programs and original research on the pharmacy benefit serve its clients. Express Scripts drives to lowest net cost by enabling better health and value at the consumer level resulting in Express Scripts' generic fill rate which leads the industry. Express Scripts has administrative, pharmacy, and customer service operations throughout the United States and Canada and is striving to expand services. Today there are more than 13,000 employees focused on the mission to make the use of prescription drugs safer and more affordable. Express Scripts handles millions of prescriptions each year through Home Delivery and at retail pharmacies and has been the CoverTN provider since 2006. Express Scripts has a nationally proven ability to develop, test, and implement industry-leading programs and provides the greatest opportunity to encourage smarter prescription-drug choices and achieve the lowest total plan cost.

17. This competitively procured contract amendment provides continuation of the statewide pharmacy assistance program for eligible adults in the Cover Tennessee program. The pricing methodology is amended to include rates for the term extension and funding is added to support the term as well. The Division of Health Care and Finance Administration would greatly appreciate approval of this amendment in order to adequately provide services to enrollees.

RE: Bureau of TennCare Contract Amendment

Dear Mr. White:

The Department of Finance and Administration, Bureau of TennCare, is submitting for consideration by the Fiscal Review Committee amendment #4 to FA-07-17124-00, Express Scripts, Inc. This competitively procured contractor provides administrative services for the State's pharmacy assistance program for CoverTN. This amendment revises the drug formulary to better provide enrollees with the best possible coverage under the program's guidelines. There are no additional funds associated with this amendment.

Additionally, TennCare submits for consideration amendment #2 to FA0822466, Keystone Peer Review, Inc. This competitively procured contract provides TennCare's recipients with an appeals process that fully complies with constitutional due process as well as applicable state and federal laws. This amendment provides for the final year contract extension and adds funding to support the services for this extension based on rates submitted in the original RFP cost proposal. TennCare will be preparing and releasing an RFP to identify a contractor for these services to begin at the end of this final term.

The Bureau of TennCare would greatly appreciate the consideration and approval of these amendments by the Fiscal Review Committee.

Sincerely,

Scott Pierce
Chief Financial Officer

The state released a Request for Proposal to identify a contractor to provide administrative services for the State's pharmacy assistance program known as CoverRx. 16. Evidence Contractor's Experience & Length Of Experience Providing the Service

Express Scripts was founded in 1986 and has never been owned by a drug manufacturer. It's interests are with those of plan sponsors and their members. This independence means that the company's programs and original research on the pharmacy benefit serve its clients. Express Scripts drives to lowest net cost by enabling better health and value at the consumer level resulting in Express Scripts' generic fill rate which leads the industry. Express Scripts has administrative, pharmacy, and customer service operations throughout the United States and Canada and is striving to expand services. Today there are more than 13,000 employees focused on the mission to make the use of prescription drugs safer and more affordable. Express Scripts handles millions of prescriptions each year through Home Delivery and at retail pharmacies and has been the CoverTN provider since 2006. Express Scripts has a nationally proven ability to develop, test, and implement industry-leading programs and provides the greatest opportunity to encourage smarter prescription-drug choices and achieve the lowest total plan cost.

17. Efforts to Identify Reasonable, Competitive, Procurement Alternatives The original contract for the provision of administrative services for the State's pharmacy assistance program for CoverTN was a competitively procured contract. Express Scripts, Inc. was the proposer determined to have the highest combined technical and cost score.

18. Justification *– specifically explain why non-competitive negotiation is in the best interest of the state*

The contract changes presented in this amendment enhance the benefits and provide additional value to the plans' members brought about by the revised drug formulary. The pricing methodology ensures the best price possible for CoverRx enrollees. Additionally, the amendment updates name change from Benefits Administration Division to the Division of HealthCare Finance and Administration, within the Department of Finance and Administration.

Agency Head Signature and Date *– MUST be signed by the ACTUAL agency head as detailed on the current Signature Certification. Signature by an authorized signatory is acceptable only in documented exigent circumstances*

AMENDMENT THREE
TO FA-07-17124-00 Edison ID 2888

This Amendment is made and entered by and between the State of Tennessee, Department of Finance and Administration, Benefits Administration Division, hereinafter referred to as the "State" and Express Scripts, Inc., hereinafter referred to as the "Contractor." It is mutually understood and agreed by and between said, undersigned contracting parties that the subject Contract is hereby amended as follows:

1. The text of contract section C.1. is deleted in its entirety and replaced with the following:

   C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed forty-three million dollars ($43,000,000). The payment rates in Section C.3 shall constitute the entire compensation due the Contractor for the Service and all of the Contractor's obligations hereunder regardless of the difficulty, materials or equipment required. The payment rates include, but are not limited to, all applicable taxes, fees, overheads, and all other direct and indirect costs incurred or to be incurred by the Contractor.

   The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with the payment rates detailed in Section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

2. The text of contract section C.3. is deleted in its entirety and replaced with the following:

   C.3. Payment Methodology. The Contractor shall be compensated based on the Service Rates herein for units of service authorized by the State in a total amount not to exceed the Contract Maximum Liability established in Section C.1. The Contractor's compensation shall be contingent upon the satisfactory completion of units of service or project milestones defined in Section A. The Contractor shall be compensated based upon the following Service Rates:

Coverage of any vaccination, and, if covered, how covered (under a medical or pharmacy benefit), is determined by the Tennessee Cover Rx Program. Upon the date of final approval of this amendment by the appropriate State officials, the vaccinations provided under the CoverRx program shall adjudicate at the lower of:

No vaccine claims will be included in any guarantees set forth in the contract and/or amendments thereto.
* State may elect as of the effective date of this Amendment whether to pay the per vaccine claim Professional Service Fee (PSF) set forth in this Amendment to Contractor or to require Members to pay the Participating Pharmacy's professional service fee at the time of vaccination. If State elects to pay the PSF, then the PSF will be capped at $20.00 per Vaccine Claim. The State's election will be in force for the term of this Amendment and will be applicable to all vaccination Prescription Drug Claims.
** The Administrative Fee per Vaccine Claim will be manually billed to State on a monthly basis or as otherwise agreed between Contractor and State.

or

(ii) the combined ingredient cost, dispensing fee (if any) and professional service fee (if any) that the Participating Pharmacy generally charges an individual paying cash, without coverage for prescription drug benefits.

Changes to the methodology used to calculate drug prices shall be allowed by the State when necessary; however, any new methodology for calculation must result in drug costs which are equal to or less than the drug costs which are calculated using the above rates. The State shall not be liable for increases in drug costs due to revised calculations.

The MAC pricing per individual formulary drug payment rates for years one, two, three, four, and five is included as Attachment H of this contract.

The State will allow claims which are calculated using a MAC price to adjust to market fluctuations by allowing an annual aggregate deviation of one percent (1%) from the proposed MAC pricing during year one of the contract, a deviation of three percent (3%) during year two of the contract, and a deviation of five percent (5%) during years three, four, and five of the contract.

The Contractor shall submit weekly invoices, in form and substance acceptable to the State with all of the necessary supporting documentation, prior to any payment. Claims above five (5) per member per month (PMPM) (excluding insulin and diabetic supplies) and non formulary claims are excluded from the administrative fee. The administrative fee will be decreased by $0.15 per claim if the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims are below 15% of total claims. The administrative fee will be decreased by $0.30 per claim if the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims are below 10% of total claims. Claims above five (5) PMPM (excluding insulin and diabetic supplies) and non formulary claims will be measured quarterly. The Contractor shall issue a check to the State during the first month of the following quarter for any claims discounts realized during the previous quarter. If the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims exceeds 15% of total claims, the administrative fee will not exceed the Per Claim Administrative Fee listed in Section C.3 of the contract. This clause shall remain in effect after the contract term until all claims discounts due to the State have been paid by the Contractor to the State.

The average drug discounts and average dispensing fees paid by the State will be reconciled in the aggregate annually by the Contractor. The average annual discounts and average annual dispensing fees, as calculated in the required Drug Cost Reconciliation report, will be compared with the Contractor's guaranteed proposed discounts and dispensing fees in Section C.3 of the contract. If any of the actual annual average drug discounts are less than the discounts in Section C.3 of the contract and/or any of the actual annual average dispensing fees exceed the dispensing fees in Section C.3 of the contract, the Contractor will reimburse the State for the difference between the actual costs and the guaranteed costs.

(a) State shall pay Contractor by Automated Clearing House (ACH) payment within five (5) business days from the date of State's receipt of the Contractor's invoice (the "Due Date") for completed work. If payment is not received by Contractor within seven (7) days of the Due Date, or by such other date as has been mutually agreed to by the parties, Contractor may suspend further performance under this Contract until payment is received or mutually agreeable arrangements are made. In the event the State fails to pay on or before a Due Date, or such other date as mutually agreed to, three times during the term of this Contract, the Contractor may terminate this Contract.

(b) The State and Contractor agree to negotiate and make good faith efforts to expeditiously resolve any disputes regarding fees.

(c) The Contractor and State acknowledge the statutory provisions of the Prompt Pay Act of 1985, as set forth in Tennessee Code Ann. 12-4-701, et.seq.

3. Attachment H is deleted in its entirety and replaced with the new Attachment H attached hereto.

The revisions set forth herein shall be effective on the date of final approval by the appropriate State officials in accordance with applicable Tennessee State laws and regulations. All other terms and conditions not expressly amended herein shall remain in full force and effect.

FISCAL REVIEW

Express Scripts, Inc. Contract Number FA – 07 – 17124, Amendment # 1

A detailed breakdown of the actual expenditures anticipated in each year of the contract, including specific line items, the source of funds (federal, state, or other--if other, please specify source), and the disposition of any excess funds.

Please see attached financial forecast in response to this item. The source of funding for this contract is state dollars.

A detailed breakdown in dollars of any savings that the department anticipates will result from this contract, including but not limited to, reduction in positions, reduced equipment costs, travel, or any other item related to the contract.

No savings are anticipated as a result of this contract amendment. The intent of the amendment is to extend the prices that were constant for the first three years of the contract for an additional two years with no increase in the per claim administrative fee, mail order drugs and all drugs other than brand drugs under the retail drug costs. For brand name drugs, the current Contractor bid a brand discount and dispensing fee of AWP minus 15.84% during year one that increased to AWP minus 16.09% in year two and was then increased to a discount of AWP minus 16.34% during the third year of the contract term. The year three discount amount ewould be continued for years four and five of the contract term as extended under Amendment # 1. All other fees remain constant for the entire five year term.

A detailed analysis in dollars of the cost of obtaining this service through the proposed contract as compared to other options.

This contract is in the third year of the original term of the contract. The actual expenditures anticipated in each year of the contract going forward are included above in the response to question number one. To procure this service at this time rather than to extend this contract for the full five years would entail potentially a new vendor who would be selected as a result of the procurement process. At this point, we are unable to predict the administrative fees or the claims reimbursement fees for retail and mail order drug costs for drugs on the formulary resulting from a procurement process. However, the current vendor's pricing was procured through a competitive procurement process.

The State is not in a position to take on the role of a Pharmacy Benefit Manager (PBM) for a population that includes individuals with severe and persistent mental illness who receive their medications under this program. Current staff is not available and the State does not hold the necessary licenses to perform the duties and responsibilities to implement this program.

	☐ only one uniquely qualified service provider able to provide the service

14) Description of the Proposed Amendment Effects & Any Additional Service :

No additional services are being added. The effect of the proposed amendment is to clarify existing contract language, extend the contract for two additional years, and provide a mechanism for guaranteeing costs for new drugs added to the CoverRx formulary.

15) Explanation of Need for the Proposed Amendment :

1. Maximum Liability: This amendment updates the maximum liability of the CoverRx contract to reflect recent programmatic budget reductions & an extension of the contract. The original maximum liability was $44 million and it is being updated to $37 million.

2. Mail order turnaround: The contract language concerning mail order turnaround time and the corresponding performance guarantee are being updated to clarify the state's intent and expectations. Current contract language states that the maximum turnaround time should be no greater than 48 hours. Changing the language from "48 hours" to "2 business days" reflects the state's expectation that mail order turnaround time will be measured using operating hours only and does not penalize the contractor for hours the mail order facility is not regularly open. Example: applications received by the mail order facility on a Friday will never be processed within 48 hours because the facility is closed on the weekend. However, all prescriptions will be processed within 2 business days

regardless of the day received.

3. Telephone response time: The existing performance guarantee requires that incoming phone calls not be placed in a queue for more than two minutes. The vendor does not operate a queue for incoming calls, which means that calls are never placed in a queue. The vendor is exceeding the performance guarantee expectation, but is unable to report on this guarantee. By removing the language we eliminate the expectation that the vendor will report on this guarantee.

4. Attachment H: Updating the language regarding Attachment H provides additional support, and clarification of, the formulary update process while also providing a standard process for defining price guarantees for formulary changes.

5. Contract Term: This request is to extend the contract for two years, from a three year to a five year contract. This rule exception extension is in the State's best interest due to the favorable pricing terms currently guaranteed under this contract. The two year extension also offers CoverRx members no additional disruption to their pharmacy assistance, particularly the newly enrolled mental health population, who recently experienced a significant change in their pharmacy coverage when they were removed from TennCare and enrolled in CoverRx.

6. Payment Methodology: The Payment Methodology is being updated to reflect the proposed two year extension of this contract. The Contractor has agreed to match year three pricing in years four and five.

16) Name & Address of Contractor's Current Principal Owner(s) : (not required for a TN state education institution)

20) Description of Procuring Agency Efforts to Identify Reasonable, Competitive, Procurement Alternatives :

Not applicable – Changes are clarifications of existing contract language and continuation of current services. No new services are being procured.

21) Justification for the Proposed Non-Competitive Amendment :

This amendment clarifies existing contract language, as well as State expectations, for the vendor currently delivering CoverRx pharmacy assistance services. It also extends the contract term two additional years. No new services are being procured.

REQUEST: RULE EXCEPTION

APPROVED
Commissioner of Finance & Administration Date:

RFS #	31786 – 60001

INFORMATION ABOUT THE EXCEPTION(S) REQUESTED

SUBJECT RULE NUMBER(S) :

"0620-3-3-.07(5)" for an exception permitting a contract term greater than five (5) years

DESCRIPTION OF EXCEPTION(S) :

The department seeks a rule exception to amend the contract to a period commencing on November 15, 2006 and ending on December 31, 2011 causing the contract to terminate at the end of calendar year 2011. This amendment will thereby allow for the continuity of services for CoverRx participants. The initial period of the contract during the end of calendar year 2006 allowed the Contractor time to enroll individuals into CoverRx who previously were served under the State's Mental Health Safety Net and had been disenrolled as a result of TennCare reform efforts.

JUSTIFICATION : (compelling rationale for and validation of rule exception request)

The extension to the end of calendar year 2011 will allow the State the opportunity to secure a vendor for these services during calendar year 2011 for program implementation beginning January 1, 2012.

AMENDMENT ONE
TO CONTRACT ID NUMBER 2888

This Contract Amendment is made and entered by and between the State of Tennessee, Department of Finance and Administration, Benefits Administration Division, hereinafter referred to as the "State" and Express Scripts, Inc., hereinafter referred to as the "Contractor." It is mutually understood and agreed by and between said, undersigned contracting parties that the subject Contract is hereby amended as follows:

1. The text of Contract Section A.7.6. is deleted in its entirety and replaced with the following:

   A.7.6. After verifying the client's eligibility, the Contractor will mail, or deliver, if the Contractor prefers, medications directly to the participant's designated address, or allow participant pickup at the Contractor's retail pharmacy, if the participant requests that arrangement. All complete, fillable prescriptions must be dispensed within two (2) business days of their receipt at ESI's Mail Service Pharmacy.

2. The text of Contract Section B. is deleted in its entirety and replaced with the following:

   B. CONTRACT TERM:

   B.1. This Contract shall be effective for the period commencing on November 15, 2006 and ending on December 31, 2011. The State shall have no obligation for services rendered by the Contractor which are not performed within the specified period.

3. The text of Contract Section C.1. is deleted in its entirety and replaced with the following:

   C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed thirty-seven million dollars ($37,000,000). The payment rates in Section C.3 shall constitute the entire compensation due the Contractor for the Service and all of the Contractor's obligations hereunder regardless of the difficulty, materials or equipment required. The payment rates include, but are not limited to, all applicable taxes, fees, overheads, and all other direct and indirect costs incurred or to be incurred by the Contractor.

   The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with the payment rates detailed in Section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

4. The text of Contract Section C.3. is deleted in its entirety and replaced with the following:

   C.3. Payment Methodology. The Contractor shall be compensated based on the Service Rates herein for units of service authorized by the State in a total amount not to exceed the Contract Maximum Liability established in Section C.1. The Contractor's compensation shall be contingent upon the satisfactory completion of units of service or project milestones defined in Section A. The Contractor shall be compensated based upon the following Service Rates:

Changes to the methodology used to calculate drug prices shall be allowed by the State when necessary; however, any new methodology for calculation must result in drug costs which are equal to or less than the drug costs which are calculated using the above rates. The State shall not be liable for increases in drug costs due to revised calculations.

The MAC pricing per individual formulary drug payment rates for years one, two, three, four, and five is included as Attachment H of this contract.

The State will allow claims which are calculated using a MAC price to adjust to market fluctuations by allowing an annual aggregate deviation of one percent (1%) from the proposed MAC pricing during year one of the contract, a deviation of three percent (3%) during year two of the contract, and a deviation of five percent (5%) during years three, four, and five of the contract.

The Contractor shall submit **weekly** invoices, in form and substance acceptable to the State with all of the necessary supporting documentation, prior to any payment. Claims above five (5) per member per month (PMPM) (excluding insulin and diabetic supplies) and non formulary claims are excluded from the administrative fee. The administrative fee will be decreased by $0.15 per claim if the number of claims above the five (5) PMPM

prescription limit (excluding insulin and diabetic supplies) and non formulary claims are below 15% of total claims. The administrative fee will be decreased by $0.30 per claim if the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims are below 10% of total claims. Claims above five (5) PMPM (excluding insulin and diabetic supplies) and non formulary claims will be measured quarterly. The Contractor shall issue a check to the State during the first month of the following quarter for any claims discounts realized during the previous quarter. If the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims exceeds 15% of total claims, the administrative fee will not exceed the Per Claim Administrative Fee listed in Section C.3 of the contract. This clause shall remain in effect after the contract term until all claims discounts due to the State have been paid by the Contractor to the State.

The average drug discounts and average dispensing fees paid by the State will be reconciled in the aggregate annually by the Contractor. The average annual discounts and average annual dispensing fees, as calculated in the required Drug Cost Reconciliation report, will be compared with the Contractor's guaranteed proposed discounts and dispensing fees in Section C.3 of the contract. If any of the actual annual average drug discounts are less than the discounts in Section C.3 of the contract and/or any of the actual annual average dispensing fees exceed the dispensing fees in Section C.3 of the contract, the Contractor will reimburse the State for the difference between the actual costs and the guaranteed costs.

(a) State shall pay Contractor by Automated Clearing House (ACH) payment within five (5) business days from the date of State's receipt of the Contractor's invoice (the "Due Date") for completed work. If payment is not received by Contractor within seven (7) days of the Due Date, or by such other date as has been mutually agreed to by the parties, Contractor may suspend further performance under this Contract until payment is received or mutually agreeable arrangements are made. In the event the State fails to pay on or before a Due Date, or such other date as mutually agreed to, three times during the term of this Contract, the Contractor may terminate this Contract.

(b) The State and Contractor agree to negotiate and make good faith efforts to expeditiously resolve any disputes regarding fees.

(c) The Contractor and State acknowledge the statutory provisions of the Prompt Pay Act of 1985, as set forth in Tennessee Code Ann. 12-4-701, et.seq.

5. The text of Contract Section E.2. is deleted in its entirety and replaced with the following:

The requirements of Public Acts of 2006, Chapter Number 878, of the state of Tennessee, addressing the use of illegal immigrants in the performance of any Contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.

a. The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment I, hereto, semi-annually during the period of this Contract. Such attestations shall be maintained by the Contractor and made available to state officials upon request.

b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the period of this Contract, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Contract. Attestations obtained from such subcontractors shall be maintained by the Contractor and made available to state officials upon request.

c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.

d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this Contract.

e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not either a United States citizen, a Lawful Permanent Resident, or a person whose physical presence in the United States is authorized or allowed by the federal Department of Homeland Security and who, under federal

immigration laws and/or regulations, is authorized to be employed in the U.S. or is otherwise authorized to provide services under the Contract.

9. The following provision is added as Contract Section E.11.:

E.11. Voluntary Buyout Program. The Contractor acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.

a. The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.

b. The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the Contractor understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse Contractor personnel. Inasmuch, it shall be the responsibility of the State to review Contractor personnel to identify any such issues.

c. With reference to either subsection a. or b. above, a contractor may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Contract, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

10. Contract Attachment I attached hereto is added as a new Contract Attachment.

The revisions set forth herein shall be effective June 1, 2009. All other terms and conditions not expressly amended herein shall remain in full force and effect.

Changes to the methodology used to calculate drug prices shall be allowed by the State when necessary; however, any new methodology for calculation must result in drug costs which are equal to or less than the drug costs which are calculated using the above rates. The State shall not be liable for increases in drug costs due to revised calculations.

The MAC pricing per individual formulary drug payment rates for years one, two and three is included as Attachment H of this contract.

The State will allow claims which are calculated using a MAC price to adjust to market fluctuations by allowing an annual aggregate deviation of one percent (1%) from the proposed MAC pricing during year one of the contract, a deviation of three percent (3%) during year two of the contract, and a deviation of five percent (5%) during year three of the contract.

The Contractor shall submit **weekly** invoices, in form and substance acceptable to the State with all of the necessary supporting documentation, prior to any payment. Claims above five (5) per member per month (PMPM) (excluding insulin and diabetic supplies) and non formulary claims are excluded from the administrative fee. The administrative fee will be decreased by $0.15 per claim if the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims are below 15% of total claims. The administrative fee will be decreased by $0.30 per claim if the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims are below 10% of total claims. Claims above five (5) PMPM (excluding insulin and diabetic supplies) and non formulary claims will be measured quarterly. The Contractor shall issue a check to the State during the first month of the following quarter for any claims discounts realized during the previous quarter. If the number of claims above the five (5) PMPM prescription limit (excluding insulin and diabetic supplies) and non formulary claims exceeds 15% of total claims, the administrative fee will not exceed the Per Claim Administrative Fee listed in Section C.3 of the contract. This clause shall remain in effect after the contract term until all claims discounts due to the State have been paid by the Contractor to the State.

The average drug discounts and average dispensing fees paid by the State will be reconciled in the aggregate annually by the Contractor. The average annual discounts and average annual dispensing fees, as calculated in the required Drug Cost Reconciliation report, will be compared with the Contractor's guaranteed proposed discounts and dispensing fees in Section C.3 of the contract. If any of the actual annual average drug discounts are less than the discounts in Section C.3 of the contract and/or any of the actual annual average dispensing fees exceed the dispensing fees in Section C.3 of the contract, the Contractor will reimburse the State for the difference between the actual costs and the guaranteed costs.

(a) State shall pay Contractor by Automated Clearing House (ACH) payment within five (5) business days from the date of State's receipt of the Contractor's invoice (the "Due Date") for completed work. If payment is not received by Contractor within seven (7) days of the Due Date, or by such other date as has been mutually agreed to by the parties, Contractor may suspend further performance under this Contract until payment is received or mutually agreeable arrangements are made. In the event the State fails to pay on or before a Due Date, or such other date as mutually agreed to, three times during the term of this Contract, the Contractor may terminate this Contract.

(b) The State and Contractor agree to negotiate and make good faith efforts to expeditiously resolve any disputes regarding fees.

(c) The Contractor and State acknowledge the statutory provisions of the Prompt Pay Act of 1985, as set forth in Tennessee Code Ann. 12-4-701, et.seq.

C.4 Performance Guarantees. The Contractor agrees to be bound by the provisions contained in Contract Attachment B, Performance Guarantees, and to pay amounts due upon notification of Contractor non-compliance by the State.

C.5 Travel Compensation. The Contractor shall not be compensated or reimbursed for travel, meals, or lodging.

C.6 Payment of Invoice. The payment of the invoice by the State shall not prejudice the State's right to object to or question any invoice or matter in relation thereto. Such payment by the State shall neither be construed as acceptance of any part of the work or service provided nor as an approval of any of the amounts invoiced therein.

C.7 Invoice Reductions. The Contractor's invoice shall be subject to reduction for amounts included in any invoice or payment theretofore made which are determined by the State, on the basis of audits conducted in accordance with the terms of this contract, not to constitute proper remuneration for compensable services.

C.8 Deductions. The State reserves the right to deduct from amounts which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee any amounts which are or shall become due and payable to the State of Tennessee by the Contractor.

C.9 Automatic Deposits. The Contractor shall complete and sign an "Authorization Agreement for Automatic Deposit (ACH Credits) Form." This form shall be provided to the Contractor by the State. Once this form has been completed and submitted to the State by the Contractor all payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee shall be made by Automated Clearing House (ACH). The Contractor shall not invoice the State for services until the Contractor has completed this form and submitted it to the State.

D STANDARD TERMS AND CONDITIONS

D.1 Required Approvals. The State is not bound by this Contract until it is approved by the appropriate State officials in accordance with applicable Tennessee State laws and regulations.

D.2 Modification and Amendment: This Contract may be modified only by a written amendment executed by all parties hereto and approved by the appropriate Tennessee State officials in accordance with applicable Tennessee State laws and regulations.

D.3 Termination for Convenience. The Contract may be terminated by either party by giving written notice to the other, provided that the State shall give said notice to the Contractor at least Ninety (90) days before the effective date of termination, and the Contractor shall give said notice to the State at least Two Hundred and Seventy (270) days before the effective date of termination. Should the State exercise this provision, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Should the Contractor exercise this provision, the State shall have no liability to the Contractor except for those units of service which can be effectively used by the State. The final decision as to what these units of service are, shall be determined by the State. In the event of disagreement, the Contractor may file a claim with the Tennessee Claims Commission in order to seek redress.

D.4 Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor violates any terms of this Contract, the State shall have the right to immediately terminate the Contract and withhold payments in excess of fair compensation for completed services. The State shall provide Contractor with an opportunity to cure any defect in performance that would justify termination for cause under this section except as otherwise provided in this section. Within ten business days of receipt of a notice of reasons for a termination for cause, Contractor must either cure the problem or, if this is not possible, notify the State in writing of the time by which the cure will be completed as long as this will not exceed 60 days. The Contractor's right to cure shall not apply

--to circumstances in which the Contractor intentionally withholds its services or otherwise refuses to perform,
--to situations where there have been repeated problems reported to the Contractor with respect to identical or similar issues,
--if the State determines that the delay of termination presents a risk to the health or safety of citizens of the State of Tennessee receiving services affected by this contract, or
--if the violation of the term of the contract is by its nature incapable of cure.

Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Contract by the Contractor.

D.5 Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the services performed under this Contract without obtaining the prior written approval of the State. If such subcontracts are approved by the State, they shall contain, at a minimum, sections of this Contract pertaining to "Conflicts of Interest" and "Nondiscrimination" (sections D.6. and D.7.). Notwithstanding any use of approved subcontractors, the Contractor shall be the prime contractor and shall be responsible for all work performed.

D.6 Conflicts of Interest. The Contractor warrants that no part of the total Contract Amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed relative to this Contract.

D.7 Nondiscrimination. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of disability, age, race, color, religion, sex, national origin, or any other classification protected by Federal, Tennessee State constitutional, or statutory law. The Contractor shall, upon request, show proof of such nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.8 Records. The Contractor shall maintain documentation for all charges against the State under this Contract. The books, records, and documents of the Contractor, insofar as they relate to work performed or money received under this contract, shall be maintained for a period of three (3) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.

D.9 Monitoring. The Contractor's activities conducted and records maintained, pursuant to this Contract, shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.

D.10 Progress Reports. The Contractor shall submit brief, periodic, progress reports to the State as requested.

D.11 Strict Performance. Failure by any party to this Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties hereto.

D.12 Independent Contractor. The parties hereto, in the performance of this Contract, shall not act as employees, partners, joint venturers, or associates of one another. It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Contract shall be construed to create an employer/employee relationship, or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party, for any purpose whatsoever.

The Contractor, being an independent contractor, and not an employee of the State, agrees to carry adequate public liability and other appropriate forms of insurance, including adequate public liability and

other appropriate forms of insurance on the Contractor's employees, and to pay all applicable taxes incident to this Contract.

D.13 State Liability. The State shall have no liability except as specifically provided in this contract. The Contractor will not be liable to the State for any losses or damages caused entirely by the acts or negligence of the State and without any misconduct or negligence on the part of the Contractor.

D.14 Force Majeure. The obligations of the parties to this contract are subject to prevention by causes beyond the parties' control that could not be avoided by the exercise of due care including, but not limited to, acts of God, riots, wars, strikes, epidemics or any other similar cause.

D.15 State and Federal Compliance. The Contractor shall comply with all applicable State and Federal Laws and regulations in the performance of this contract.

D.16 Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Contractor agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Contract. The Contractor acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising therefrom, shall be subject to and limited to those rights and remedies, if any, available under *Tennessee Code Annotated*, Sections 9-8-101 through 9-8-407.

D.17 Completeness. This Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions of the parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties relating hereto, whether written or oral.

D.18 Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions hereof shall not be affected thereby and shall remain in full force and effect. To this end, the terms and conditions of this Contract are declared severable.

D.19 Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

E SPECIAL TERMS AND CONDITIONS

E.1 Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, these special terms and conditions shall control.

Any communication by facsimile transmission shall also be sent by United States mail on the same date of the facsimile transmission.

E.3 Subject to Funds Availability. The Contract is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate the Contract upon written notice to the Contractor. Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the contract. Should such an event occur, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

E.4 Breach. A party shall be deemed to have breached the Contract if any of the following occurs:

— failure to perform in accordance with any term or provision of the Contract;
— failure to complete any term or provision of the Contract;
— any act prohibited or restricted by the Contract, or
— violation of any warranty.

For purposes of this contract, these items shall hereinafter be referred to as a "Breach."

a. Contractor Breach— The State shall notify Contractor in writing of a Breach.

(1) In event of a Breach by Contractor, the state shall have available the remedy of Actual Damages and any other remedy available at law or equity.

(2) Liquidated Damages (hereafter referenced as "Performance Guarantee Assessments", as contained in Contract Attachment B, Performance Guarantees) — In the event of a Breach, the State may assess Performance Guarantee Assessments. The State shall notify the Contractor of amounts to be assessed. The parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for a Breach by Contractor as said amounts are likely to be uncertain and not easily proven. Contractor hereby represents and covenants it has carefully reviewed the Performance Guarantee Assessments contained in Attachment B, and agree that said amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of Breach, and are a reasonable estimate of the damages that would occur from a Breach. It is hereby agreed between the parties that the Performance Guarantee Assessments represent solely the damages and injuries sustained by the State in losing the benefit of the bargain with Contractor and do not include any injury or damage sustained by a third party. The Contractor agrees that the Performance Guarantee Assessment amounts are in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or other section of this Contract.

The State may continue to assess Performance Guarantee Assessments or a portion thereof until the Contractor cures the Breach, the State exercises its option to declare a Partial Default, or the State terminates the Contract. The State is not obligated to assess Performance Guarantee Assessments before availing itself of any other remedy. The State may choose to discontinue Performance Guarantee Assessments and avail itself of any other remedy available under this Contract or at law or equity; provided, however, Contractor shall receive a credit for said Performance Guarantee Assessments previously assessed except in the event of a Partial Default.

(3) Partial Default— In the event of a Breach, the State may declare a Partial Default. In which case, the State shall provide the Contractor written notice of: (1) the date which Contractor shall terminate providing the service associated with the Breach; and (2) the date the State will begin to provide the service associated with the Breach.

Notwithstanding the foregoing, the State may revise the time periods contained in the notice written to the Contractor.

In the event the State declares a Partial Default, the State may withhold, together with any other damages associated with the Breach, from the amounts due the Contractor the greater of: (1) amounts which would be paid the Contractor to provide the defaulted service; or (2) the cost to the State of providing the defaulted service, whether said service is provided by the State or a third party. To determine the amount the Contractor is being paid for any particular service, the Department shall be entitled to receive within five (5) days any requested material from Contractor. The State shall make the final and binding determination of said amount.

The State may assess Performance Guarantee amounts, as applicable, against the Contractor for any failure to perform which ultimately results in a Partial Default with said Performance Guarantee amounts to cease when said Partial Default is effective. Upon Partial Default, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount. Contractor agrees to cooperate fully with the State in the event a Partial Default is taken.

(4) Contract Termination— In the event of a Breach, the State may terminate the Contract immediately or in stages. The Contractor shall be notified of the termination in writing by the State. Said notice shall hereinafter be referred to as Termination Notice. The Termination Notice may specify either that the termination is to be effective immediately, on a date certain in the future, or that the Contractor shall cease operations under this Contract in stages. In the event of a termination, the State may withhold any amounts which may be due Contractor without waiver of any other remedy or damages available to the State at law or at equity. The Contractor shall be liable to the State for any and all damages incurred by the State and any and all expenses incurred by the State which exceed the amount the State would have paid Contractor under this Contract. Contractor agrees to cooperate with the State in the event of a Contract Termination or Partial Takeover.

b. State Breach— In the event of a Breach of contract by the State, the Contractor shall notify the State in writing within 30 days of any Breach of contract by the State. Said notice shall contain a description of the Breach. Failure by the Contractor to provide said written notice shall operate as an absolute waiver by the Contractor of the State's Breach. In no event shall any Breach on the part of the State excuse the Contractor from full performance under this Contract. In the event of Breach by the State, the Contractor may avail itself of any remedy at law in the forum with appropriate jurisdiction; provided, however, failure by the Contractor to give the State written notice and opportunity to cure as described herein operates as a waiver of the State's Breach. Failure by the Contractor to file a claim before the appropriate forum in Tennessee with jurisdiction to hear such claim within one (1) year of the written notice of Breach shall operate as a waiver of said claim in its entirety. It is agreed by the parties this provision establishes a contractual period of limitations for any claim brought by the Contractor.

E.5 Partial Takeover. The State may, at its convenience and without cause, exercise a partial takeover of any service which the Contractor is obligated to perform under this Contract, including but not limited to any service which is the subject of a subcontract between Contractor and a third party, although the Contractor is not in Breach (hereinafter referred to as "Partial Takeover"). Said Partial Takeover shall not be deemed a Breach of Contract by the State. Contractor shall be given at least 30 days prior written notice of said Partial Takeover with said notice to specify the area(s) of service the State will assume and the date of said assumption. Any Partial Takeover by the State shall not alter in any way Contractor's other obligations under this Contract. The State may withhold from amounts due the Contractor the amount the Contractor would have been paid to deliver the service as determined by the State. The amounts shall be withheld effective as of the date the State assumes the service. Upon Partial Takeover, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

E.6 Incorporation of Additional Documents. Included in this Contract by reference are the following documents:

a. The Contract document and its attachments
b. All Clarifications and addenda made to the Contractor's Proposal
c. The Request for Proposal and its associated amendments
d. Technical Specifications provided to the Contractor
e. The Contractor's Proposal

In the event of a discrepancy or ambiguity regarding the Contractor's duties, responsibilities, and performance under this Contract, these documents shall govern in order of precedence detailed above

E.7 Confidentiality of Records. Strict standards of confidentiality of records shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Contractor to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy and ethical standards.

The Contractor will be deemed to have satisfied its obligations under this section by exercising the same level of care to preserve the confidentiality of the State's information as the Contractor exercises to protect its own confidential information so long as such standard of care does not violate the applicable provisions of the first paragraph of this section.

The Contractor's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Contractor of this Contract; previously possessed by the Contractor without written obligations to the State to protect it; acquired by the Contractor without written restrictions against disclosure from a third party which, to the Contractor's knowledge, is free to disclose the information; independently developed by the Contractor without the use of the State's information; or, disclosed by the State to others without restrictions against disclosure. Nothing in this paragraph shall permit the Contractor to disclose any information that is confidential under federal or state law or regulations, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.

E.8 HIPAA Compliance. The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its accompanying regulations.

a. Contractor warrants to the State that it is familiar with the requirements of HIPAA and its accompanying regulations, and will comply with all applicable HIPAA requirements in the course of this contract.
b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by HIPAA and its regulations, in the course of performance of the Contract so that both parties will be in compliance with HIPAA.
c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by HIPAA and that are reasonably necessary to keep the State and Contractor in compliance with HIPAA. This provision shall not apply if information received by the State under this Contract is NOT "protected health information" as defined by HIPAA, or if HIPAA permits the State to receive such information without entering into a business associate agreement or signing another such document.

E.9 Tennessee Consolidated Retirement System. The Contractor acknowledges and understands that, subject to statutory exceptions contained in ***Tennessee Code Annotated***, Section 8-36-801, *et. seq.*, the law governing the Tennessee Consolidated Retirement System (TCRS), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established

pursuant to ***Tennessee Code Annotated***, Title 8, Chapter 35, Part 3 accepts state employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent contractor, the Contractor may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the period of this Contract.

E.10 Debarment and Suspension. The Contractor certifies, to the best of its knowledge and belief, that it and its principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal or State department or agency;
b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offence in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or Local) transaction or grant under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
c. are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or Local) with commission of any of the offenses detailed in section b. of this certification; and
d. have not within a three (3) year period preceding this Contract had one or more public transactions (Federal, State, or Local) terminated for cause or default.
