TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 2318 - SB 2300

March 30, 2009

SUMMARY OF BILL: Requires the Department of Finance and Administration (F&A) to develop a plan for ensuring that all state-owned facilities and state buildings have individual energy meters by 2010. Expands the definition of "energy-efficient motor vehicle" to include electric vehicles for the purposes of provisions which govern energy-efficient state-owned vehicles. Requires statewide building construction standards to include provisions for energy efficiency.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Assumptions:

- According to F&A, any costs incurred as a result of developing the required plan is considered to be not significant.
- Expanding the definition of "energy-efficient motor vehicle" will not result any increased state expenditures beyond not significant.
- Based on additional responses from the Departments of General Services, Commerce and Insurance, and Economic and Community Development, any increase to state expenditures resulting from this bill is considered not significant.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
