

CONGRESSIONAL REPRESENTATION

Congress, the federal Legislative Body, is bicameral, that is, there are two bodies or "Houses": the Senate and the House of Representatives.

There are 100 members in the Senate, two from each state in the union. The presiding officer, the Vice President of the United States, is called the President of the Senate in his role in the Senate. Since the President of the Senate is not a member of that body, he votes only in the event of a tie.

The United States House of Representatives is composed of 435 members. The Representatives, or Congressmen as they are often called, each represent approximately 541,904 citizens in their home state. Tennessee, with a population of 4,877,185, has nine (9) Congressmen.
