However, the social security number provided on the voter registration application is confidential and may not be retained by any person other than election officials in their official capacity.

(d) No person or organization may establish quotas or a minimum number of completed voter registration forms to be collected by individuals conducting a voter registration drive.

(e) The coordinator of elections may adopt policies or procedures to effectuate the provisions of this section, including, but not limited to, a form on which the required information may be provided and certified by interested parties. The form adopted by

the coordinator of elections may be provided electronically and the training administered may be web-based.

(f) Any person who intentionally or knowingly violates any provision of this section commits a Class A misdemeanor and each violation constitutes a separate offense.

SECTION 2. Tennessee Code Annotated, Title 2, Chapter 2, is amended by adding the following as a new section to be appropriately designated:

2-2-143.

(a) If any person or organization conducts voter registration drives under § 2-2-142 and files one hundred (100) or more deficient voter registration applications with one (1) or more county election commissions, the person or organization is subject to a civil penalty under the procedures of this section.

Such petition may be considered as a contested case proceeding under the Uniform Administrative Procedures Act, compiled in title 4, chapter 5.

(d) Penalties imposed under this section by the state election commission must be deposited into the general fund of the county or counties in which the violation occurred. When there are multiple counties involved, the penalty money must be divided pro rata based on the number of deficient registration applications submitted in each county.
