FISCAL REVIEW

STATE OF TENNESSEE
BUREAU OF TENNCARE
310 Great Circle Road
NASHVILLE, TENNESSEE 37243

June 29, 2009

Mr. Jim White, Director
Fiscal Review Committee
8th Floor, Rachel Jackson Bldg.
Nashville, TN 37243

Attention: Ms. Leni Chick

RE: Bureau of TennCare Contract Amendments

Dear Mr. White:

The Department of Finance and Administration, Bureau of TennCare, is submitting for consideration by the Fiscal Review Committee the following Managed Care contract amendments which cover the East and West Regions of the State:

UnitedHealthCare Plan of the River Valley, Inc (West Region)	FA-08-24979-01
Volunteer State Health Plan (West Region)	FA-08-24978-01
UnitedHealthCare Plan of the River Valley, Inc. (East Region)	FA-08-24984-01
Volunteer State Health Plan (East Region)	FA-08-24983-01

These amendments address the following language changes: (1) Incorporate language to comply with the Mental Health Parity Act; (2) add clarifying language to strengthen TENNderCare Outreach activities (3) incorporate language to clarify CMS requirement for MCO and providers to screen employees and contractors to assure they have not been excluded from participation in the Medicare, Medicaid, SCHIP or any other federal program; (4) revise various quality reporting timeframes in order to streamline report review and analysis and to be consistent with various NCQA reporting requirements, change claims payment reporting timeframes from quarterly to monthly, change prompt pay reporting timeframes from quarterly to monthly, and incorporate standing On-Request reporting requirement as an ongoing contractual requirement as a mechanism to assure MCOs are reconciling provider payments with claims data; and (5) incorporate boiler plate language required in all state contracts regarding the Voluntary Buyout Program and the Federal Economic Stimulus Funding.

Additionally, TennCare is submitting for review the following Managed Care contract amendments for the Middle Region of the State.

AMERIGROUP Tennessee, Inc.	FA-07-16936-04
UnitedHealthCare Plan of River Valley, Inc.	FA-07-16937-04

Mr. Jim White, Director
June 29, 2009

In addition to the language changes specified in East/West amendments above, these amendments also add requirements to implement the Long-Term Care Community Choices Act of 2008 in the Middle Region. This Act restructures the long-term care system in Tennessee, expanding access to more cost effective home and community-based services. It incorporates LTC services into the MCO contract to create a seamless delivery system with managed care contractors responsible for all of the covered primary, acute, behavioral, and long-term care services for members who need them.

TennCare is also submitting for Committee review TennCare's contract for Dental Benefits Manager, Doral Dental of Tennessee, LLC. This proposed amendment will extend the term date of this competitively procured contract for an additional period of one year, as well as provide funding for this extension of time based on funding rates submitted in the RFP Cost Proposal. Additionally, contract language is modified relevant to prior authorization requirements, second opinions by contractor designated dentists, initiation of corrective actions, and inclusion of state required language regarding Voluntary Buy-out and Prohibition of Illegal Immigrants.

The Bureau of TennCare would greatly appreciate the consideration and approval of these amendments by the Fiscal Review Committee.

Sincerely,

Scott Pierce
Chief Financial Officer

This Contract Amendment is made and entered by and between the State of Tennessee, Department of Finance and Administration, Bureau of TennCare, hereinafter referred to as the "State" or "TennCare" and Doral Dental of Tennessee, L.L.C., hereinafter referred to as the "Contractor." It is mutually understood and agreed by and between said, undersigned contracting parties that the subject Contract is hereby amended as follows:

1. The following new text provision is added as Contract Section A.7.3.1.:
 - A.7.3.1. Utilization review of dental procedures, not requiring prior authorization which demonstrate that a provider is not adhering to the medical necessity criteria in the provision of that procedure, will necessitate that the Contractor initiate corrective action for that provider which may include, but is not limited to, the following:
 - (1) Prior authorization requirements for that procedure,
 - (2) Second opinion by a Contractor-designated dentist in cases where the provider is requesting in-patient or out-patient hospital services,
 - (3) Second opinion by a Contractor-designated dentist for cases involving extensive treatment plans.

2. The text of Contract Section A.11.5.q. is deleted in its entirety and replaced with the following:
 - A.11.5.q (1) Specify that the Contractor initiate corrective action if a participating provider is not complying with state and federal laws and regulations;
 - A.11.5.q (2) Require that the provider comply with corrective action plans initiated by the Contractor or be subject to recoupment of funds, termination or other penalties determined by TennCare;

3. The text of contract Section B.1 is deleted in its entirety and replaced with the following:
 - B.1. Contract Term. This Contract shall be effective for the period commencing on October 1, 2005 and ending on September 30, 2010. The State shall have no obligation for services rendered by the Contractor which are not performed within the specified period.

4. The text of the first paragraph of Section C.1 is deleted in its entirety and replaced with the following:
 - C.1. Maximum Liability: In no event shall the maximum liability of the State under this Contract exceed Twenty-Three Million Two Hundred Forty-Five Thousand Six Hundred Eighty Dollars (\$23,245,680.00). The Service Rates in Section C.3 shall constitute the entire compensation due the Contractor for the Service and all of the Contractor's obligations hereunder, regardless of the difficulty, materials or equipment required. The Service Rates include, but are not limited to all applicable taxes, fees, overheads, and all other direct and indirect costs incurred or to be incurred by the Contractor.

5. The Contract is amended by adding the following new language as Section D.20:
- D.8. Prohibition of Illegal Immigrants. The requirements of Public Acts of 2006, Chapter Number 878, of the state of Tennessee, addressing the use of illegal immigrants in the performance of any Contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.
- a. The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment VIII, hereto, semi-annually during the period of this Contract. Such attestations shall be maintained by the Contractor and made available to state officials upon request.
- b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the period of this Contract, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Contract. Attestations obtained from such subcontractors shall be maintained by the Contractor and made available to state officials upon request.
- c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
- d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this Contract.
- e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not either a United States citizen, a Lawful Permanent Resident, or a person whose physical presence in the United States is authorized or allowed by the federal Department of Homeland Security and who, under federal immigration laws and/or regulations, is authorized to be employed in the U.S. or is otherwise authorized to provide services under the Contract.
6. The Contract is amended by adding the following new text as Section E.37:
- E.5. Voluntary Buyout Program. The Contractor acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.
- a. The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who

received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.

- b. The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the Contractor understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse Contractor personnel. Inasmuch, it shall be the responsibility of the State to review Contractor personnel to identify any such issues.
- c. With reference to either subsection a. or b. above, a contractor may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Contract, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

7. The text of the Contract is amended by adding Attachment VIII.

The revisions set forth herein shall be effective September 1, 2009. All other terms and conditions not expressly amended herein shall remain in full force and effect.

BETWEEN THE
DEPARTMENT OF FINANCE AND ADMINISTRATION
BUREAU OF TENNCARE
AND
DORAL DENTAL OF TENNESSEE, L.L.C.**

This Contract, by and between the State of Tennessee, Department of Finance and Administration, Bureau of TennCare, hereinafter referred to as the "State" or "TennCare" and Doral Dental of Tennessee, L.L.C., hereinafter referred to as the "Contractor", is hereby amended as follows:

1. Amend the contract by adding the following new language to Section A.:

A.1.2.3. Age 21 and Older. The Contractor shall provide written notice and appeal rights to TennCare enrollees as specified in Section A.17 of this Contract for service authorization requests or claims for dental services that are denied because they are age 21 or older, and such services are not a covered benefit for adults.

2. Amend the Contract by deleting Section A.3.4. in its entirety and substituting with the following:

A.3.4. Licensure of Staff. The Contractor shall be responsible for assuring that all persons, whether they be employees, agents, subcontractors, providers or anyone acting for or on behalf of the Contractor, are legally authorized to render services under applicable state law and/or regulations. Failure to adhere to this provision may result in one or more of the following sanctions that shall remain in effect until the deficiency is corrected:
 - A.3.4.a. TennCare may refuse to approve or may rescind the approval of subcontracts with unlicensed persons;
 - A.3.4.b. TennCare may refer the matter to the appropriate licensing authority for action;
 - A.3.4.c. TennCare may assess liquidated damages provided by Attachment I of this Contract; and
 - A.3.4.d. TennCare may terminate this Contract for cause defined by Section D.4. of this Contract.

3. Amend the Contract by deleting Section A.11.1 in its entirety and replacing with the following:

A.11.1. The Contractor shall execute provider agreements that will be between the Contractor and the provider, not between the provider and TennCare. These agreements shall maintain all federal, state and local licenses, certifications, and permits, without restriction, required to provide dental services to TennCare enrollees and shall comply fully with all applicable laws and regulations.

4. Amend the contract by deleting Sections A.11.5.m, A.11.5.n, A.11.5.s, and A.11.5.y in their entirety and replacing with the following:

A.11.5.m. Provide that TennCare, U.S. Department of Health and Human Services, Tennessee State Board of Dentistry, Tennessee Bureau of Investigation (TBI) State auditors, and other agencies as designated by TennCare, shall have the right to evaluate through inspection, whether announced or unannounced, or other means any records pertinent to this Contract including quality, appropriateness and timeliness of services and such evaluation, and when performed, shall be performed with the cooperation of the dental provider. Upon request, the dental provider shall assist in such reviews including the provision of complete copies of records, reports or any other media whether electronic or hardcopy. Additionally, ensure that the dental provider is not currently nor has ever been sanctioned by HHS-OIG and is prevented from participating in a federally-funded program such as TennCare.

A.11.5.n. Provide for monitoring, whether announced or unannounced, of services rendered to enrollees sponsored by the Contractor and that services are compliant with all decrees, court orders, or judgments that are required of TennCare.

A.11.5.s. Require dental providers safeguard information about enrollees according to applicable state and federal laws and all HIPAA regulations including, but not limited to, 42 CFR § 431, Subpart F, and all applicable Tennessee statutes and TennCare rules and regulations. In no event may the Contractor provide, grant, allow, or otherwise give, access unless authorized by TennCare. The Contractor shall assume all liabilities under both state and federal law in the event that the information is disclosed in any manner.

A.11.5.y. Specify that at all times during the term of the agreement, the dental provider shall indemnify and hold TennCare harmless from all claims, losses, or suits relating to activities undertaken pursuant to the Contract between TennCare and the Contractor.

5. Amend the Contract by deleting Sections A.11.5.aa, A.11.5.ii and A.11.5.jj in their entirety and replacing with the following:

A.11.5.aa. Specify both the Contractor and the provider agree to recognize and abide by all state and federal laws, regulations, and guidelines applicable to the health plan, as well as verify that the dental provider continues to be properly licensed by the State Board of Dentistry;

A.11.5.ii. Specify that the dental provider shall comply with the appeal process as provided in the *Grier* Revised Consent Decree including but not limited to assisting an enrollee by providing appeal forms and contact information including the appropriate address for submitting appeals for state level review;

A.11.5.jj. Specify that the dental provider shall display notices of the TennCare enrollee's right to appeal adverse decisions affecting services and other applicable notices in public areas of their facility(s) in accordance with TennCare rules, 1200-13-13-.11 and 1200-13-14-.12.

6. Amend the contract by adding the following new sections to Section A, Scope of Service:
- A.11.5.ww. Ensure that the dental provider shall use the best available information to identify recipients with primary insurance other than TennCare. TennCare is always the payor of last resort. In situations of enrollment in the plan with a retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the Contractor receives notification from TennCare of the enrollee's eligibility.
 - A.11.5.yy Specify that the dental provider shall be compliant with Section 6032 of the Deficit Reduction Act of 2005 (DRA) with regard to policy development, employee training and whistle blower protection related to The False Claims Act, 31, U.S.C. § 3729-3733, et seq.

7. Amend the Contract by deleting Section A.15. it in its entirety and substituting with the following:

A.15 COVERED BENEFITS

A.15.1 Covered Benefits: The Contractor shall provide or arrange for the provision of Covered Benefits to enrollees in accordance with the terms of this Contract, including but not limited to, Section A.1.2 of this Contract.

A.15.2 Medical Necessity Determination

All Medical Necessity Determinations shall abide the specific definitions and guidelines set forth in the TennCare Statutes and Rules, including T.C.A. 71-5-144. and Rules 1200-13-16-.01 through 1200-13-16-.08, and any and all amendments and/or revisions thereof.

The Contractor shall not impose service limitations that are more restrictive than the limits described in this Contract. However, this provision shall not limit the Contractor's ability to establish procedures for the determination of medical necessity. The determination of medical necessity shall be made on a case by case basis. Except for benefit limits described in Section A.15.1, the Contractor shall not employ or permit others acting on its behalf, to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The Contractor shall have the ability to place tentative limits on a service, however, such tentative limits placed by the Contractor shall be exceeded when medically necessary based on a patient's individual characteristics. The Contractor shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. The Contractor may deny services that are non-covered, except as otherwise required by EPSDT or unless otherwise directed to provide by TennCare and/or an administrative law judge. Any procedures used to determine medical necessity shall be consistent with the definition of medical necessity defined by this Contract and applicable TennCare rules.

All medically necessary services shall be covered for enrollees under twenty-one (21) years of age, in accordance with EPSDT requirements, including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989. Braces may be covered for enrollees age twenty-one (21) and over as per the individual enrollee's Dental Benefit. Effective upon receipt of written notification from TennCare, the Contractor is not required

to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of twenty-one (21).

A.15.3 Prior Authorization for Covered Services.

The Contractor and/or its subcontractors shall have in place and follow written policies and procedures for processing requests for initial and continuing authorizations of services; have effective mechanisms to ensure consistent application of review criteria for authorization decisions; and consult with the requesting provider when appropriate. If prior authorization of a service is granted by the Contractor, subcontractor or an agent, payment for the pre-approved service shall not be denied based on the lack of medical necessity, assuming that the enrollee is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances that were described at the time that prior authorization was granted. Prior Authorization shall not be required for emergency services. Prior authorization requests shall be reviewed subject to the guidelines described in TennCare Rules 1200-13-13 and 1200-13-14 that include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request. The Contractor shall use appropriately licensed professionals to supervise all medical necessity decisions and specify the type of personnel responsible for each level of utilization management (UM) decision making. The Contractor shall have written procedures documenting access to Board Certified Consultants to assist in making medical necessity determinations. A decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested shall be made by a health care professional, who has appropriate clinical expertise in treating the enrollee's condition or disease.

A.15.3.a. Notice of Adverse Action Regarding Prior Authorization Requests

The Contractor shall clearly document and communicate the reasons for each denial in a manner sufficient for the provider and enrollee to understand the denial and to decide about appealing the decision. Notices of adverse actions to providers and enrollees concerning prior authorization requests shall be provided within the following guidelines:

- **Provider Notice.** The Contractor shall notify the requesting provider of any decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested. The notice to the provider need not be in writing, however, the Contractor shall make a reviewer available to discuss any denial decisions. The information given to the provider shall include the contact information for the reviewer.
- **Enrollee Notice.** See notice provisions in TennCare Rule 1200-13-13-11 and 1200-13-14-11.

A.15.3.b. Appeals Related to Prior Authorization/Medical Necessity Denials

The Contractor is responsible for eliciting the necessary, pertinent medical history information from the treating health care provider(s) for making medical necessity determinations. If a treating health care provider is uncooperative in supplying needed information, the Contractor shall take action (e.g. sending a provider representative to obtain the information and/or discuss the issue with the provider, imposing financial penalties against the provider, etc.), to address the

problem. Upon request, documentation of such action shall be made available to TennCare. Pursuant to TennCare regulation 1200-13-16-.06(4) providers who do not provide requested medical record information for purposes of making a medical necessity determination for a particular medical item or service, shall not be entitled to payment for the provision of such medical item or service.

At TennCare's request, the Contractor shall provide the individualized medical record information from the treating health care provider(s) that supports a decision relevant to a medical appeal. The Contractor shall take the necessary action to fulfill this responsibility within the required appeal timelines specified by TennCare and/or applicable regulation. This includes going to the provider's office to obtain the medical record information. Should a provider fail or refuse to respond to the Contractor's efforts to obtain medical information and the appeal is decided in favor of the enrollee, then the Contractor shall use its discretion or follow a TennCare directive to impose appropriate financial penalties against the provider.

- A.15.4. EPSDT. The Contractor shall provide Early, Periodic Screening, Diagnostic and follow-up Treatment services as medically necessary to children under the age of twenty-one (21), who are eligible for EPSDT, in accordance with federal regulations described in 42 CFR part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under twenty-one (21), whether or not such services are covered under the TennCare Program State Plan and without regard to established service limits. When appropriate, this requirement shall be met by either direct provision of the service by the Contractor or by referral in accordance with 42 CFR 441.61.
- A.15.5 Standards of Care. The standards of care shall be taken from published recommendations of nationally recognized authorities, such as: the American Dental Association; the American Academy of Pediatric Dentistry; and the American Association of Oral and Maxillofacial Surgeons. The standard of care for the community shall be recognized. Participating Dental Providers shall not differentiate or discriminate in the treatment of any member on the basis of race, color, sex, religion, national origin, age, handicap, health, economic status, or payment source.
- A.15.6 Transportation. Transportation to covered services is a covered service for TennCare members and is the responsibility of the enrollee's MCO. Should transportation to a dental service be necessary for an enrollee, the Contractor shall coordinate with the appropriate MCO to ensure that the transportation is provided.
- A.15.7 Coordination with Public Health. Contractor shall work closely and cooperatively with the Health Department(s) to accomplish the goals of their School Based Screening Referral, Follow-up, Sealant and TennCare Oral Evaluation and Outreach Program for Children targeting approximately 230,000 children. Identification of children with urgent dental needs and identification of children with unmet needs shall require Contractor to arrange care for these children according to the access standards identified in Section A.4. of this Contract. Close coordination between the Oral Health Services Section of the Tennessee Department of Health and the Contractor shall be necessary to facilitate referral arrangements and to ensure that encounter data files from the SBDPP are incorporated into encounter data files provided to TennCare.

8. Amend Section A.17. of the Contract by deleting it in its entirety and substituting with the following:

A.17 COMPLAINTS AND APPEALS

Enrollees shall have the right to file appeals regarding adverse actions taken by the Contractor. For purposes of this requirement, an appeal shall mean an enrollee's right to contest verbally or in writing, any adverse action taken by the Contractor to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the Contractor that impair the quality, timeliness, or availability of such benefits. An appeal may be filed by the enrollee or by a person authorized by the member to do so, including but not limited to, a provider with the enrollee's consent. Complaint shall mean a enrollee's right to contest an action taken by the Contractor or service provider that does not meet the definition of an adverse action. The Contractor shall inform enrollees of their complaint and appeal rights in the member handbook in compliance with the Attachment II requirements. The Contractor shall have internal complaint and appeal procedures for enrollees in accordance with TennCare rules and regulations, the TennCare waivers, consent decrees, or court orders governing the appeals process.

The Contractor shall devote a portion of its regularly scheduled QM/QI committee meetings, as described in Section A.18.2, to the review of received enrollee complaints and appeals.

The Contractor shall ensure that punitive action is not taken against a provider that files an appeal on behalf of an enrollee with the enrollee's written consent, supports an enrollee's appeal, or certifies that an enrollee's appeal is an emergency appeal and requires an expedited resolution in accordance with TennCare policies and procedures.

A.17.1. Appeals

The Contractor's appeal process shall include, at a minimum, the following:

A.17.1.a. The Contractor shall have a contact person, who is knowledgeable of appeal procedures and directs all appeals, whether the appeal is verbal or the enrollee chooses to file in writing to TennCare. Should an enrollee choose to appeal in writing, the enrollee will be instructed to file by mail or by facsimile to the designated TennCare P.O. Box or fax number for medical appeals;

A.17.1.b. The Contractor shall have sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of adverse actions affecting a TennCare member. The Contractor shall notify TennCare of the names of appointed staff members and their phone numbers. Staff shall be knowledgeable about applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing appeal procedures, as they become effective;

A.17.1.c. The Contractor shall educate its staff concerning the importance of the appeals procedure, the rights of the enrollee, and the time frames that

action must be taken by the Contractor for the handling and disposition of an appeal;

A.17.1.d. As part of the appeal procedure, the Contractor shall identify the appropriate individual or body within the plan having the decision-making authority;

A.17.1.e. The Contractor shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Appeal forms shall be available at each service site and by contacting the Contractor. However, enrollees shall not be required to use a TennCare approved appeal form in order to file an appeal;

A.17.1.f. Upon request, the Contractor shall provide members TennCare approved appeal form(s);

A.17.1.g. The Contractor shall provide reasonable assistance to all appellants during the appeal process;

A.17.1.h. The Contractor shall require providers to display notices of enrollee's right to appeal adverse actions affecting services in public areas of each facility in accordance with TennCare rules and regulations. The Contractor shall ensure that providers have correct and adequate supply of public notices;

A.17.1.i. Neither the Contractor nor TennCare shall prohibit or discourage any individual from testifying on behalf of an enrollee;

A.17.1.j. The Contractor shall ensure compliance with all notice requirements and notice content requirements specified in applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective;

A.17.1.k. TennCare may develop additional appeal process guidelines or rules, including requirements for the content and timing of notices to enrollees, that shall be followed by the Contractor. However, the Contractor shall not be precluded from challenging any judicial requirements. When the judicial requirements that are the basis of additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, the Contractor shall not be required to comply with these guidelines or rules during the period(s) of inapplicability;

A.17.1.l. The Contractor shall provide general and targeted education to providers regarding expedited appeals (described in TennCare rules and regulations), including when an expedited appeal is appropriate and procedures for providing written certification;

A.17.1.m. The Contractor shall require providers to give written certification concerning whether an enrollee's appeal is an emergency when requested by an enrollee prior to filing such appeal, or upon

reconsideration of such appeal by the Contractor when requested by TennCare;

A.17.1.n. The Contractor shall provide notice to contracted providers regarding provider responsibility in the appeal process, including, but not limited to, the provision of medical records and/or documentation described by Section A.15.3.b;

A.17.1.o. The Contractor shall urge providers, who feel they cannot order a drug on the TennCare Preferred Drug List (PDL), to seek prior authorization in advance, and to take the initiative to seek prior authorization, change, or cancellation of the prescription when contacted by a member or pharmacy concerning denial of a pharmacy service due to system edits (i.e., therapeutic duplication, etc.);

A.17.1.p. Enrollee eligibility and eligibility-related grievances and appeals, including termination of eligibility, effective dates of coverage, and the determination of premium and co-payment responsibilities shall be directed to the Department of Human Services.

If determined by TennCare that the Contractor violated the appeal guidelines, TennCare shall require that the Contractor submit and follow through with a corrective action plan. Failure to comply with the appeal guidelines issued by TennCare, including an acceptable corrective action plan, shall result in the Contractor being subject to possible liquidated damages provided by Attachment I.

9. Amend the Contract by deleting Section B.1 in its entirety and replacing with the following:

B.1. Contract Term. This Contract shall be effective for the period commencing on October 1, 2005 and ending on September 30, 2009. The State shall have no obligation for services rendered by the Contractor which are not performed within the specified period.

CONTRACT
BETWEEN THE STATE OF TENNESSEE,
DEPARTMENT OF FINANCE AND ADMINISTRATION
BUREAU OF TENNCARE
AND
DORAL DENTAL OF TENNESSEE, LLC

This Contract, by and between the State of Tennessee, Department of Finance and Administration, Bureau of TennCare, hereinafter referred to as the "State" or "TennCare" and Doral Dental of Tennessee, LLC, hereinafter referred to as the "Contractor," or "DBM" (Dental Benefits Manager), is for the provision of dental administrative and management services as further defined in the "SCOPE OF SERVICES."

The Contractor is a for profit corporation.

The Contractor's address is: 12121 N. Corporate Parkway
Mequon, WI 53092

The Contractor's place of incorporation or organization is Wisconsin.

The Contractor is a corporation which has qualified as an Administrator (aka "Third Party Administrator") in compliance with Tennessee Code Annotated Section 56-6-401 et seq. and is licensed to operate as an adjuster or settler of claims in connection with dental insurance benefits coverage in the State of Tennessee and is capable of providing or arranging for health care services provided to covered persons for whom it receives payment and is engaged in said business and is willing to do so upon and subject to the terms and conditions hereof.

A. SCOPE OF SERVICES

The Contractor agrees to administer the TennCare dental benefit as specified in this Agreement. The Contractor shall make maximum efforts to ensure minimum disruption in service to members and a smooth interface of any claims processing or system changes to transfer necessary information without material disruption during implementation of the Agreement.

A.1. OBLIGATIONS OF THE Contractor

A.1.1. Services. The Contractor will manage the program in a manner that ensures an adequate network of qualified dental providers for whom the Contractor is responsible. These providers will render high quality, medically necessary, cost effective dental care. Furthermore, the Contractor will exercise every available means through this contract, provider agreement, office reference manual or Contractor's policies and procedures to ensure that the program is managed in this manner.

A.1.2. Benefit Packages. The Contractor will be responsible for ensuring that the following is provided:

A.1.2.1. Under Age 21, Preventive, diagnostic and treatment services. Any limitations described in this Agreement, including Attachment I, shall be exceeded to the extent that it is necessary in accordance with EPSDT requirements. At any time, by amendment to this contract, TennCare may alter the covered benefits for the TennCare Standard members under 21.

A.1.2.2. Orthodontics. Orthodontic services are limited to eligible individuals under age 21. There must be authorization for treatment and the treatment must have begun at least six (6)

months prior to the enrollee's 21st birthday. Approved treatment begun at least six (6) months prior to the enrollee's 21st birthday may continue past age 21 as long as the individual remains eligible. Orthodontic services are limited to individuals diagnosed with (1) a severe handicapping malocclusion or another developmental anomaly or injury resulting in severe malalignment or severe handicapping malocclusion of teeth, ascertained by using the Salzmann Malocclusion Severity Index, or any other method that is approved by TennCare, or (2) following the repair of an enrollee's cleft palate. Orthodontic treatment will not be authorized for cosmetic purposes.

A.1.3. Enrollee Cost Share Responsibilities. The Contractor and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TennCare in accordance with TennCare rules and regulations or TennCare approved policies and procedures for TennCare enrollees, nor may the Contractor and all providers and subcontractors charge enrollees for missed appointments. Enrollees may not be held liable for payments in the event of the Contractor's insolvency. Enrollees may not be held liable for payments in the event the State does not pay the Contractor, or the Contractor does not pay the provider. Subcontractors and referral providers may not bill enrollees any amount greater than would be owed if the entity provided the services directly (i.e. no balance billing by providers.)

Cost sharing responsibilities shall apply to services other than the preventive services described in Section A.1.2.1 and specified in the table below. Co-payments shall be applied on a sliding scale according to the enrollee's income. The procedure code listing for preventive services is as follows:

Preventive Dental Services for Children Under 21 Years of Age

D1110	Prophylaxis (when billed for children over age 12 and under age 21)
D1120	Prophylaxis
D1201	Topical Application of Fluoride (Prophylaxis included) - child
D1203	Topical Application of Fluoride (Prophylaxis not included) - child
D1310	Nutritional Counseling for Control of Dental Disease
D1320	Tobacco Counseling for the Control and Prevention of Oral Disease
D1330	Oral Hygiene Instructions
D1351	Sealant per Tooth

The current sliding scale schedule to be used in determining applicable cost sharing responsibilities for TennCare enrollees is described in the chart below.

Co-Pay	0 to 100% of Poverty	101-199% of Poverty	200% and Above Poverty
Dental visits	0	\$15 per visit	\$25 per visit

The Contractor shall track and report to TennCare the amount of enrollee cost-sharing liabilities on a quarterly basis in a form and format to be specified by TennCare.

The Contractor shall be expressly prohibited from waiving or using any alternative cost sharing schedules, unless required by TennCare. Further, the Contractor shall not discourage enrollees from paying applicable co-payment obligations.

If, and at such time that changes occur to the cost sharing rules, the contractor will be notified of new co-payment rates.

The Contractor shall require, as a condition of payment, that the service provider accept the amount paid by the Contractor or appropriate denial made by the Contractor (or, if applicable, payment by the Contractor that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service. Should a provider, or a collection agency acting on the provider's behalf, bill an enrollee for amounts other than the applicable amount of cost sharing responsibilities due from the enrollee, once a Contractor becomes aware the Contractor shall notify the provider and demand that the provider and/or collection agency cease such action against the enrollee immediately. After notification by the Contractor, if a provider continues to bill an enrollee, the Contractor shall refer the provider to the TBI.

Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable cost sharing responsibilities for TennCare covered services except as permitted by TennCare rule 1200-13-13-.08 and as described below. Providers may seek payment from an enrollee in the following situations:

1. if the services are not covered by TennCare and the provider informed the enrollee the services were not covered prior to providing the service. The provider is required to inform the enrollee of the non-covered service and have the enrollee acknowledge the information. If the enrollee still requests the service, the provider shall obtain such acknowledgment in writing prior to rendering the service. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills the DBM for the service that has been provided, the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
 2. if the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills the DBM for the service the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
 3. if the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable cost share amounts must be refunded when a claim is submitted to the DBM if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. (The monies collected shall be refunded as soon as a claim is submitted and shall not be held conditionally upon payment of the claim); or
 4. the enrollee requests services that are non-TennCare covered services provided at the option of the Contractor in accordance with the terms of this Contract.
- A.1.4. Adherence to TennCare Rules and Regulations: The Contractor shall perform all services under this Agreement. Contractor shall comply with all applicable administrative rules and TennCare written policies and procedures, as may be amended from time to time. TennCare shall provide Contractor with copies of such rules and policies.

A.1.5. The CONTRACTOR shall demonstrate to TennCare progressively significant increases in the percentage of children being screened toward the achievement of a screening percentage of 80%.

A.2 EVIDENCE OF ENROLLEE COVERAGE AND ENROLLEE MATERIAL

A.2.1. Enrollee Materials. The Contractor shall distribute various types of enrollee materials as required in this Agreement. Specific information regarding these materials, the Member Handbook, Quarterly Newsletter and other items are outlined in Attachment II. Permissible and prohibited communication activities, enrollee and written materials guidelines are defined in Attachment II.

A.2.2. Failure to Comply with Enrollee Material Requirements. All services listed in A.1.2 must be provided as described and the materials must adhere to the requirements as described and must not mislead, confuse, or defraud the recipients or the State Agency. Failure to comply with the communication limitations contained in this Agreement, including but not limited to the use of unapproved and/or disapproved communication material, may result in the imposition by TennCare of one or more sanctions as provided in Section E.4 and Attachment I of this agreement.

A.2.3. Prohibited Communication Activities: The following information and activities are prohibited:

A.2.3.1. Materials and/or activities that mislead, confuse or defraud or that are unfair or deceptive practices or that otherwise violate federal or state consumer protection laws or regulations. This includes materials which mislead or falsely describe covered or available services, membership or availability of network providers, and qualifications and skills of network providers. - A.4.1 Access to Care. The Contractor shall maintain a network of dental providers with a sufficient number of providers who accept new TennCare enrollees within each geographical location in the state so that appointment waiting times do not exceed 3 weeks for regular appointments and 48 hours for urgent care. - d. The numbers of network providers who are not accepting new Medicaid patients

- e. The geographic location of providers and Medicaid enrollees, considering distance, travel time, the means of transportation ordinarily used by Medicaid enrollees, and whether the location provides physical access for Medicaid enrollees with disabilities.

The Contractor must ensure that network providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees or comparable to Medicaid fee-for-service, if the provider serves only Medicaid enrollees. Services must be available 24 hours a day, 7 days a week, when medically necessary.

- A.4.2. Transport Time. The Contractor shall maintain under contract a network of dental providers to provide the covered services specified in A.1.2. statewide. - A.4.5. Out of Network Providers. If the Contractor's network is unable to provide necessary, medical services covered under the contract to a particular enrollee, the Contractor must adequately and timely cover these services out of network for the enrollee, for as long as the Contractor is unable to provide them. Out of network providers must coordinate with the Contractor with respect to payment. The Contractor must ensure that cost to the enrollee is no greater than it would be if the services were furnished within the network.
- A.4.6. The Contractor must participate in the State's efforts to promote the delivery of services in a culturally competent manner to all enrollees, including those with limited English proficiency and diverse cultural and ethnic backgrounds.

A.5. PROVIDER NETWORK REQUIREMENTS

In addition, where FQHCs with the capacity to deliver dental services are not utilized, the Contractor must demonstrate that both adequate capacity and an appropriate range of services for vulnerable populations exist to serve the expected needs in a service area without contracting with FQHCs.

If the Contractor utilizes FQHCs for services, the Contractor is required to address cost issues related to the scope of services provided by FQHCs and shall reimburse FQHCs on a cost related basis.

- A.5.2 The Contractor must submit documentation assuring adequate network capacity and services as specified by the State.

A.6 MEMBER SERVICES

- A.6.1. Members Services Hotline. Contractor shall provide a toll-free telephone service for all regular business days Monday through Friday. Since Tennessee spans two time zones, this service shall be operated from 7:00 a.m. Central Standard Time to 5:00 p.m. Central Standard Time and corresponding hours during periods of Daylight Savings Time. The member service lines shall be adequately staffed and individual staff trained to accurately respond to questions regarding covered services, to assist enrollees locate a participating dental provider, and other issues, including but not limited to EPSDT.

The Contractor will assist members in obtaining appointments for covered services, including facilitation of member contact with a Participating Dental Provider who will establish an appointment. The Contractor shall track the number of requests for assistance to obtain an appointment, including the service area in which the enrollee required assistance.
- A.6.5. Provider Listing. The Contractor shall provide all enrollees (or heads of households), with a provider listing within thirty (30) days of initial enrollment, and upon request, such list shall include current provider address(es), telephone numbers, office hours, languages spoken, specialty and whether or not the provider is accepting new patients. The Contractor shall also be responsible for redistribution of updated provider information on a regular basis and shall redistribute a complete and updated provider directory at least on an annual basis. All provider directories shall be approved by TennCare prior to the Contractor's distribution.
- A.6.6. I.D. Card. The Contractor shall not be required to provide identification cards to TennCare enrollees; however, the Contractor shall provide TennCare with a written process detailing how members and providers will access information, including but not limited to, pertinent phone numbers for member services, provider identification of eligible individuals and access to prior authorization procedures, etc.

A.7 UTILIZATION MANAGEMENT

- A.7.1. Policies and Procedures. The Contractor shall provide an electronic and two written copies of its dental management policies and procedures to TennCare for approval.
- A.7.2. Prior Approvals. Said policies and procedures must clearly identify any services for which the Contractor will require network providers to obtain authorization prior to the provision of the service as well as any additional submissions (such as radiographs) that may be required for approval of a service. TennCare shall have thirty (30) days to review and approve or request modifications to the policies and procedures. Should TennCare not respond in the required amount of time, the Contractor shall not be penalized as a result of implementing the policies and procedures. However, failure to respond timely shall not preclude the State from requiring the Contractor to respond or modify the policy or operating guideline prospectively. Dental management policies and procedures must be consistent with the following requirements:
- a. Requests for prior approvals that are denied by the Contractor must be denied in writing within 14 days of receipt.

- b. Prior approval shall not be required for referrals from the Public Health Screening Program, Primary Care Physicians, and for preventive services as defined in A.1.2 and A.1.3.
- c. Utilization management activities may not be structured so as to provide incentives for the individual or Contractor to deny, limit, or discontinue medically necessary services to any enrollee.

A.7.3. Retrospective Utilization Review. The Contractor will conduct retrospective treatment utilization review. This review will evaluate the dental provider's treatment practice within a network of individual providers performing similar processes and identify those whose treatment utilization pattern deviates from their peer's norm. The process will incorporate basic provider profiling, test edits, and statistical process controls (SPC). SPC is a methodology of evaluating normal statistical variability or "noise" within any type of process. Normally the statistical limits are set at \pm three standard deviations so that any determination outside of these upper and lower control limits is expected to be a significant deviation from the network group being measured. If the type of finding elicited in the retrospective treatment utilization review process necessitates chart audit of a dental provider, the Contractor is expected to perform a chart audit.

The Contractor is required by this Agreement to maintain a Peer Review Committee made up of licensed Tennessee dentists in good standing in the state (See paragraph A.18.3). This committee will review the case files generated by the utilization review process. After the Tennessee Peer Review Committee has completed its review and established its findings and recommendations, these are then forwarded back to the Contractor for formal action. The Contractor will forward to the TennCare Dental Director and Office of Inspector General's Program Integrity Unit, a monthly audit update including a summary of its investigation and actions taken.

The Contractor's utilization review process intervention includes various options that safeguard children, improve quality of care, assure fiscal viability of the program and comport with TennCare's mission. These options include issuance of corrective action plans, provider education, recoupment of provider payments or any combination of these actions. Additionally, in accordance with its Provider Service Agreement, the Contractor may also choose to exercise its prerogative to terminate a dental provider with or without cause with thirty days notice.

A.7.4 Urgent Care. Contractor shall ensure access to services for urgent dental and oral conditions or injuries on the basis of the professional judgment of the enrollee's treating dentist, other dental professional, primary care provider or a triage nurse who is trained in dental care and oral health care.

A.7.4.1. The Contractor may not deny payment for treatment obtained when a representative of the Contractor instructs the eligible enrollee (ages 0-20) to seek emergency services and must cover and pay for emergency services regardless of whether the provider that furnishes the service has a contract with the Contractor. Under the terms of this Agreement and the TennCare MCO Agreement, the MCO is responsible for the provision of treatment for emergency medical conditions and is also responsible for the facilities and physician charges for dental services provided in a hospital emergency room.

A.7.4.2. The Contractor may not deny payment for treatment obtained when an eligible enrollee (ages 0-20) had an emergency medical condition, where it is the Contractor's responsibility to pay, including cases in which the absence of immediate medical attention would not have had the outcomes specified in 42 CFR 438.114 (a) of the definition of emergency medical conditions. Under the terms of this Agreement and the

TennCare MCO Agreement, the MCO is responsible for the provision of treatment for emergency medical conditions and is also responsible for the facilities and physician charges for dental services provided in a hospital emergency room.

- A.7.5 Continuity of Care. The Contractor shall accept claims and authorize reimbursement for Covered Services that were approved or were part of a course of treatment that started prior to the Effective Date of this Agreement.
- A.7.6 Referral Requirements. A patient must be referred by a general dentist or pediatric dentist to a dental specialist (e.g., oral surgeon, endodontist, orthodontist) for the initial visit for services requiring specialized expertise. Subsequent visits to the same specialist in a course of treatment do not require separate referrals. The Contractor must provide for a second opinion from a qualified health care professional within the network, or arrange for the ability of the enrollee to obtain one outside the network, at no cost to the enrollee. Additionally, The Contractor must have a mechanism in place to allow special needs enrollees and enrollees determined to require an ongoing course of treatment direct access to specialists as appropriate.

A.8 CARE COORDINATION

- A.8.1 Transition Period. In the event a TennCare enrollee is receiving medically necessary covered dental services the day before the effective date of this Agreement, the Contractor shall authorize the continuation of said services without any form or prior approval and regardless of whether the services are being provided by a provider within or outside the Contractor's provider network.

In order to ensure uninterrupted service delivery, the Contractor shall accept authorization files from the previous DBM and/or TennCare as directed to identify enrollees for whom prior approvals were issued prior to the effective date of this Agreement. To the extent that the approvals are for covered services and are within the parameters of the TennCare approved policies and procedures for prior approvals as outlined in Section A.7.2 of this Agreement, Contractor will accept and honor those prior approvals for the first ninety days of this Agreement.

- A.8.2 Transition Management. The Contractor shall coordinate with the previous DBM so that dental inquiries received after January 1, 2006 are redirected to the Contractor.
- A.8.3 Coordination Between MCO and Contractor (DBM). The provision of Dental services are the responsibility of the Contractor, however, the provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service (with the exception of anesthesia services administered by a dental provider or in a dentist office) shall remain with the MCO. The Contractor shall remain responsible for anesthesia services that are appropriately provided by a dental provider or in a dentist's office. The Contractor shall agree to coordinate dental and medical services in accordance with the following provisions.

The Contractor shall be responsible for: (1) authorizing dental services for which they have the responsibility to pay; and (2) arranging services that are not covered under this Agreement to be provided, when appropriate, with providers that are contracted in the MCO's plan. The MCO shall be responsible for authorizing said services that require transportation, anesthesia (with the exception of anesthesia services administered by a dental provider or in a dentist office), and/or medical services related to the dental service; however, the MCO may waive authorization of said services based on authorization of the dental services by the Contractor. The Contractor and the MCO may develop policies and

procedures to further clarify responsibilities of the DBM and the MCO. TennCare will work to facilitate implementation of said policies and procedures.

A.8.3.1 Services and Responsibilities

Coordination of dental services, at a minimum, include:

- Means for referral which assures immediate access for emergency care and a provision of urgent and routine care according to TennCare guidelines;
- Means for the transfer of information (to include items before and after the visit);
- Maintenance of confidentiality;
- Cooperation with the MCO regarding training activities provided by the MCO.
- Results of any identification and assessment of any enrollee with special health care needs (as defined by the State) so that those activities need not be duplicated;
- Mechanisms to assess each Medicaid enrollee identified as having special health care needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals.
- If applicable, the development of treatment plans for enrollees with special health care needs that are developed by the enrollee's primary care provider with enrollee participation and in consultation with any specialists caring for the enrollee. These treatment plans must be approved by the Contractor in a timely manner, if approval is required, and be in accord with any applicable State quality assurance and utilization review standards.

A.8.3.2 Operating Principles

Coordinating the delivery of dental services to TennCare members is the primary responsibility of the Contractor. To ensure such coordination, the Contractor shall identify a staff member to serve as lead for coordination of services with each MCO and shall notify the respective MCOs, and the Bureau of TennCare of the name, title, telephone number and other means of communicating with that coordinator. The Contractor shall be responsible for communicating the MCO provider services and/or claim coordinator contact information to all of its providers. With respect to specific member services, resolution of problems shall be carried out between the MCO coordinator and the DBM coordinator. Should systemic issues arise, the MCO and the Contractor agree to meet and resolve these issues. In the event that such issues cannot be resolved, the MCO and the Contractor shall meet with TennCare to reach final resolution of matters involved. Final resolution of system issues shall occur within ninety (90) days from referral to TennCare.

- A.8.3.2.1. Resolution of Requests for Authorization. The DBM agrees and recognizes that the MCO shall agree through its contractual arrangement with the State, that any dispute concerning which party should respond to a request for prior authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate service to a TennCare member. DBM and MCO agree that Care Coordinators will, in addition to their responsibilities for care coordination, deal with issues related to requests for authorization which require

coordination between DBM and MCO. The DBM and MCO shall provide the other party with a list of its Care Coordinators and telephone number(s) at which each Care Coordinator may be contacted. When either party receives a request for authorization from a provider for a member and the party believes care is the responsibility of the other party, the Care Coordinator for that party will contact the respective Care Coordinator of the other party by the next business day after receiving the request for prior authorization and communicate to the enrollee or enrollee's provider for routine requests which shall be made within 14 days or less of the provider's request for prior authorization and immediately after receiving the request for prior authorization for urgent requests. The DBM and MCO will establish a coordination committee to address all issues of care coordination. The committee will review disputes regarding clinical care and provide a clinical resolution to the dispute, subject to the terms of this Agreement. The parties will attempt in good faith to resolve any dispute and communicate the decision to the provider requesting authorization of a service. In the event the parties cannot agree within 15 days of the provider's request for prior authorization, the party who first received the request from the provider will be responsible for authorization and payment to their contracted provider within the time frames designated by the Bureau of TennCare. Both parties are responsible for enforcing hold harmless protection for the member. The parties agree that any response to a request for authorization shall not exceed 14 days and shall comply with the Grier Revised Consent Decree (modified) (www.tnjustice.org).

- A.8.3.2.2 Claim Resolution Authorization. The DBM agrees and recognizes that the MCO shall agree through its contractual arrangement with the State, to designate one or more Claim Coordinators to deal with issues related to claims and payment issues that require coordination between DBM and MCO (parties). The DBM and MCO shall provide the other party, and TennCare with a list of its Claim Coordinators and telephone number(s) at which each Claim Coordinator may be contacted.

When either party receives a disputed claim for payment from a provider for a member and the party believes care is the responsibility of the other party, the Claims Coordinator for that party will contact the respective Claims Coordinator of the other party within four (4) business days of receiving such claim for payment. If the Claims Coordinators are unable to reach agreement on which party is responsible for payment of the claim, the claim shall be referred to the Claims Coordination Committee for review.

The DBM and MCO will establish a Claim Coordination Committee made up of Claims Coordinators and other representatives, as needed, from each party. The number of members serving on the Claim Coordination Committee shall be determined by the mutual agreement of the parties from time to time during the term of this Agreement, or, if the parties fail to agree within ten (10) calendar days of the execution of this Agreement, the Claim Coordination Committee shall consist of two (2) representatives of each party. The Claim Coordination Committee shall review any disputes and negotiate responsibility among the parties. Unless otherwise agreed, such meeting shall take place within ten (10) calendar days of receipt of the initial disputed claim or request from the provider. If resolution of the claim results in the party who assumed responsibility for authorization and payment having no liability, the other party will reimburse and abide by the prior decisions of that party. Reimbursement will be made within ten (10) business days of the Claim Coordination Committee's decision.

If the Claim Coordination Committee cannot reach an agreement as to the proper division of financial responsibility within ten (10) business days of the initial

referral to the Claim Coordination Committee, said claim shall be referred to the Chief Executive Officers (CEO) or the CEO's designee, of both DBM and MCO for resolution immediately. A meeting shall be held among the Chief Executive Officers or their designee(s), of the parties within ten (10) calendar days after the meeting of the Claims Coordination Committee, unless the parties agree to meet sooner.

If the meeting between the CEOs, or their designee(s), of the DBM and MCO does not successfully resolve the dispute within 10 days, the parties shall, within fourteen (14) days after the meeting among the CEOs or their designee(s), submit a request for resolution of the dispute to the state or the state's designee for a decision on responsibility after the service has been delivered.

The process as described above shall be completed within 30 days of receiving the claim for payment. In the event the parties cannot agree within 30 days of receiving the claim for payment, both parties will be responsible for enforcing hold harmless protection for the member and the party who first received the request or claim from the provider will be responsible for authorization and payment to the provider within the following time frames designated by the Bureau of TennCare: claims must be processed in accordance with the requirements of the MCO's and DBM's respective Agreements with the State of Tennessee. Moreover, the party that first received the request or claim from the provider must also make written request of all requisite documentation for payment and must provide written reasons for any denial.

The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable contract provisions, and position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the Request for Resolution. Failure to timely file a Response or obtain an extension from the state shall be deemed a waiver of any objections to the Request for Resolution.

The state, or its designee, shall make a decision in writing regarding who is responsible for the payment of services within ten (10) days of the receipt of the required information. The decision may reflect a split payment responsibility that will designate specific proportions to be shared by the MCO and the DBM which shall be determined solely by the State, or its designee based on specific circumstances regarding each individual case. Within five (5) business days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the services. The non-successful party shall also pay to the state, within thirty (30) calendar days of the Decision, an administrative fee equal to ten percent (10%) of the value of the claims paid, not to exceed one-thousand dollars (\$1000) for each request for resolution. The amount of the Contractor's payment responsibility shall be contained in the state's Decision. These payments may be made with reservation of rights regarding any such judicial resolution. If a party fails to pay the state for the Contractor's payment responsibility as described in this section within (30) calendar days of the date of the state's Decision, the state may deduct amounts of the Contractor's payment responsibility from any current or future amount owed the party.

A.8.3.2.3 Denial, Delay, Reduction, Termination or Suspension. The parties agree that any claims payment dispute or request for authorization shall not cause a denial,

delay, reduction, termination or suspension of any appropriate services to an eligible TennCare member ages 0-20. In the event there is a claim for emergency services, the party receiving a request for authorization to treat any member shall insure that the member is treated immediately and payment for the claim must be approved or disapproved based on the definition of emergency medical services specified in this Agreement.

A.8.3.2.4. **Emergencies:** Prior authorization shall not be required for emergency services prior to stabilization. Services provided in accordance with the following requirements that are outside of the scope of this agreement shall be considered an MCO responsibility. Coordination activities between the Contractor and the MCOs are outlined in Section A.8 of this contract.

A.8.3.2.4 (a) Contractor may not refuse to cover emergency services based on the emergency room provider, hospital, or fiscal agent not notifying the enrollee's primary care provider, MCO, or applicable state entity of the enrollee's screening and treatment within 10 calendar days of presentation for emergency services.

A.8.3.2.4 (b) An enrollee who has an emergency medical condition may not be held liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient.

A.8.3.2.4 (c.) The attending emergency physician, or the provider actually treating the enrollee, is responsible for determining when the enrollee is sufficiently stabilized for transfer or discharge, and that determination is binding on the entities identified in 42 CFR 438.114(b) as responsible for coverage and payment.

A.8.3.2.4 (d) Post stabilization services are covered and paid for in accordance with provisions set forth in 42 CFR 422.113 (c). The MCO is financially responsible for post-stabilization services obtained within or outside the managed care organization that are pre-approved by a plan provider or other MCO representative.

A.8.3.2.4 (e) The MCO is financially responsible for post-stabilization care services obtained within or outside the MCO organization that are not pre-approved by a plan provider or other MCO organization representative, but administered to maintain the enrollee's stabilized condition within 1 hour of a request to the MCO organization for pre-approval of further post-stabilization care services.

A.8.3.2.4. (f) The MCO is financially responsible for post-stabilization care services obtained within or outside the MCO organization that are not pre-approved by a plan provider or other MCO organization representative, but administered to maintain, improve or resolve the enrollee's stabilized condition if:

- The MCO does not respond to a request for pre-approval with 1 hour
- The MCO cannot be contacted; or
- The MCO representative and the treating physician cannot reach an agreement concerning the enrollee's care and a plan physician is not available for consultation. In this situation, the MCO must give the treating physician the opportunity to consult with a plan physician and the treating physician may continue with care of the patient until a plan physician is reached or one of the criteria of 422.133(c) is met.

A.8.3.2.4 (g) The MCO must limit charges to enrollees for post-stabilization care services to an amount no greater than what the organization would charge the enrollee if he or she had obtained the services through the MCO organization.

A.8.3.2.4. (h) the MCO's financial responsibility for post-stabilization care services it has not pre-approved ends when:

- A plan physician with privileges at the treating hospital assumes responsibility for the enrollee care;
- A plan physician assumed responsibility for the enrollee's care through transfer;
- An MCO representative and the treating physician reach an agreement concerning the enrollee's care; or
- The enrollee is discharged.

A.8.3.2.5 Claims Processing Requirements. All claims must be processed in accordance with the requirements of the MCO's and DBM's respective Agreements with the State of Tennessee.

A.8.3.2.6 Appeal of Decision. Appeal of any Decision shall be to a court or commission of competent jurisdiction and shall not constitute a procedure under the Administrative Procedure Act, T.C.A. §4-5-201 et seq. Exhaustion of the above-described process shall be required before filing of any claim or lawsuit on issues covered by this Section.

A.8.3.2.7 Duties and Obligations. The existence of any dispute under this Agreement shall in no way affect the duty of the parties to continue to perform their respective obligations, including their obligations established in their respective contracts with the state pending resolution of the dispute under this Section. In accordance with T.C.A. § 56-32-226(b), a provider may elect to resolve the claims payment dispute through independent review.

A.8.3.2.8 Confidentiality. The DBM agrees and recognizes that the MCO shall agree through its contractual arrangement with the state, to cooperate with the state to develop Confidentiality Guidelines that (1) meet state, federal, and other regulatory requirements; (2) meet the requirements of the professions or facilities providing care and maintaining records; and (3) meet both DBM and MCO standards. These standards will apply to both DBM's and MCO's providers and staff. If either party believes that the standards require updating, or operational changes are needed to enforce the standards, the parties agree to meet and resolve these issues. Such standards shall provide for the exchange of confidential e-mails to ensure the privacy of the members.

A.25.3 Verification of Eligibility. TennCare provides a means for dental providers to verify Member eligibility on line. The Contractor may provide additional means of eligibility verification to its contracted dentists.

A.25.4 Payment to Contractor. TennCare shall pay Contractor pursuant to Section C.1 of this Agreement for Contractor's performance of all duties and obligations hereunder. No additional payment shall be made to Contractor by TennCare for the services required under this Agreement, the RFP, and the Contractor's Proposal, including all attachments.

B. CONTRACT TERM

B.1. Contract Term. This contract shall be effective for the period commencing on October 1, 2005 and ending on September 30, 2008 subject to TennCare Readiness Review approval and approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services and provided there is continuous approval of the TennCare 1115 waiver by the Centers for Medicare and Medicaid Services during this time period. TennCare shall have no obligation for services rendered by the Contractor which are not performed within the specified period.

B.2. Term Extension. TennCare reserves the right to extend this Contract, in increments of one (1) year each, for an additional two (2) years, provided that TennCare notified Contractor in writing of its intention to do so at least ninety (90) days prior to the Contract expiration date. If the extension of the Contract necessitates additional funding beyond that which was included in the original Contract, the increase in TennCare's maximum liability will also be effected through an amendment to the Contract and shall be based upon rates negotiated with the Contractor for the extension period. Extension of the Contract is also contingent upon continuous approval of the TennCare 1115 waiver by the Centers for Medicare and Medicaid Services during these time periods. Renegotiations may be made for good cause, only at the end of the contract period and for modification(s) during the contract period, if circumstances warrant, at the discretion of the State.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed Twelve Million Three Hundred Forty-Three Thousand Nine Hundred Eighty Dollars (\$12,343,980.00). The Service Rates in Section C.3 shall constitute the entire compensation due the Contractor for the Service and all of the Contractor's obligations hereunder regardless of the difficulty, materials or equipment required. The Service Rates include, but are not limited to, all applicable taxes, fees, overheads, and all other direct and indirect costs incurred or to be incurred by the Contractor.

The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with the Service Rates detailed in Section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

The maximum liability of the State for compensation and services provided to enrollees under the provider agreements shall be defined annually. At such time that the State's incurred expenditures are projected under this contract to reach fifty percent (50%) of the annual maximum liability for compensation and services provided to enrollees, the Contractor shall notify the State and the Contractor and the State agree to re-evaluate the terms of this Contract to determine if an amendment to this contract is required to

effect adjustments that must be made (provider fee schedule adjustments, etc) in order to assure the maximum liability for the State for compensation and services provided to enrollees is not exceeded.

- C.2. Compensation Firm. The Service Rates and the Maximum Liability of the State under this Contract are firm for the duration of the Contract and are not subject to escalation for any reason unless amended.
- C.3. Payment Methodology. The Contractor shall be compensated based on the Service Rates herein for units of service authorized by the State in a total amount not to exceed the Contract Maximum Liability established in Section C.1. The Contractor shall be compensated based upon the following Service Rates at the conclusion of the readiness review at which time the Contractor transition period will conclude and actual assumption of services from previous Contractor will begin. Beginning January 1, 2006, the Contractor shall be compensated based on a fixed fee per member per month as specified below. Each month payment to the Contractor shall be equal to the number of enrollees certified by TennCare multiplied by the administrative fee for the appropriate enrollee category. The Contractor's payment shall be based on enrollment at the 1st day of each month of the contract period. Monthly compensation will not be adjusted upward or downward during the month based on fluctuating eligibility unless the fluctuation is due to a mass transfer of enrollees, in which case the Contractor will be compensated for those individuals on the date of transfer. Payment shall be made by the fifth working day of each month.

- C.4. Travel Compensation. The Contractor shall not be compensated or reimbursed for travel, meals, or lodging.
- C.5. Payment of Invoice. The payment of the invoice by the State shall not prejudice the State's right to object to or question any invoice or matter in relation thereto. Such payment by the State shall neither be construed as acceptance of any part of the work or service provided nor as an approval of any of the amounts invoiced therein.

- C.6. Invoice Reductions. The Contractor's invoice shall be subject to reduction for amounts included in any invoice or payment theretofore made which are determined by the State, on the basis of audits conducted in accordance with the terms of this contract, not to constitute proper remuneration for compensable services.
- C.7. Deductions. The State reserves the right to deduct from amounts which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee any amounts which are or shall become due and payable to the State of Tennessee by the Contractor.

Once this form has been completed and submitted to the State by the Contractor all payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee shall be made by Automated Clearing House (ACH). The Contractor shall not invoice the State for services until the Contractor has completed this form and submitted it to the State.
- C.9 The Contractor shall allow for periodic review of records to ensure that all discounts, special pricing considerations and financial incentives have accrued to the State and that all costs incurred are in accordance with this Agreement. The Contractor shall provide the auditor access to all information necessary to perform the examination.

Further, TennCare, the Centers for Medicare and Medicaid Services (CMS), or their agents shall at least annually monitor the operation of the Contractor for compliance with the provisions of this Agreement and applicable federal and state laws and regulations. Such monitoring activities shall include, but are not limited to, inspection of Contractor's facilities, auditing and/or review of all records developed under this Agreement including periodic medical audits, appeals, enrollments, disenrollments, termination, utilization and financial records, reviewing management systems and procedures developed under this Agreement and review of any other areas or materials relevant to or pertaining to this Agreement. Because of the importance of having accurate service utilization data for program management, utilization review and evaluation purposes, emphasis will be placed on case record validation during periodic monitoring visits to project sites. TennCare shall prepare a report of its findings and recommendations and require the Contractor to develop corrective action plans as appropriate.

- C.10 The Contractor shall maintain all records and files regarding the submission of Claims and corresponding payments for five (5) years and provide data that may be required for regulatory, audit insurance and other business purposes.

made or construed to have been made unless such modification is mutually agreed to in writing by the Contractor and TennCare and incorporated as a written amendment to this Agreement prior to the effective date of such modification or change.

- D.3. Termination for Convenience. The State may terminate this Contract without cause for any reason. Said termination shall not be deemed a Breach of Contract by the State. The State shall give the Contractor at least sixty (60) days written notice before the effective termination date. The Contractor shall be entitled to receive compensation for satisfactory, authorized service completed as of the termination date, but in no event shall the State be liable to the Contractor for compensation for any service which has not been rendered. Upon such termination, the Contractor shall have no right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- D.4. Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor violates any terms of this Contract, the State shall have the right to immediately terminate the Contract and withhold payments in excess of fair compensation for completed services. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Contract by the Contractor.
- D.5. Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the services performed under this Contract without obtaining the prior written approval of the State. If such subcontracts are approved by the State, they shall contain, at a minimum, sections of this Contract pertaining to "Conflicts of Interest" and "Nondiscrimination" (sections D.6. and D.7.). Notwithstanding any use of approved subcontractors, the Contractor shall be the prime Contractor and shall be responsible for all work performed.
- D.6. Conflicts of Interest. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

- D.13. State Liability. The State shall have no liability except as specifically provided in this Contract.
- D.14. Force Majeure. The obligations of the parties to this contract are subject to prevention by causes beyond the parties' control that could not be avoided by the exercise of due care including, but not limited to, acts of God, riots, wars, strikes, epidemics or any other similar cause.

- E.3. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate the Contract upon written notice to the Contractor. Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. Should such an event occur, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- E.4. Breach. A party shall be deemed to have breached the Contract if any of the following occurs:
- failure to perform in accordance with any term or provision of the Contract;
 - partial performance of any term or provision of the Contract;

- any act prohibited or restricted by the Contract, or
- violation of any warranty.

For purposes of this contract, these items shall hereinafter be referred to as a "Breach."

- a. Contractor Breach— The State shall notify Contractor in writing of a Breach.
- (1) In event of a Breach by Contractor, the state shall have available the remedy of Actual Damages and any other remedy available at law or equity.
 - (2) Liquidated Damages— In the event of a Breach, the State may assess Liquidated Damages. The State shall notify the Contractor of amounts to be assessed as Liquidated Damages. The parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for a Breach by Contractor as said amounts are likely to be uncertain and not easily proven. Contractor hereby represents and covenants it has carefully reviewed the Liquidated Damages contained in above referenced, Attachment 1 and agree that said amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of Breach, and are a reasonable estimate of the damages that would occur from a Breach. It is hereby agreed between the parties that the Liquidated Damages represent solely the damages and injuries sustained by the State in losing the benefit of the bargain with Contractor and do not include any injury or damage sustained by a third party. The Contractor agrees that the liquidated damage amount is in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or other section of this Contract.

The State may continue to withhold the Liquidated Damages or a portion thereof until the Contractor cures the Breach, the State exercises its option to declare a Partial Default, or the State terminates the Contract. The State is not obligated to assess Liquidated Damages before availing itself of any other remedy. The State may choose to discontinue Liquidated Damages and avail itself of any other remedy available under this Contract or at law or equity; provided, however, Contractor shall receive a credit for said Liquidated Damages previously withheld except in the event of a Partial Default.

- (3) Partial Default— In the event of a Breach, the State may declare a Partial Default. In which case, the State shall provide the Contractor written notice of: (1) the date which Contractor shall terminate providing the service associated with the Breach; and (2) the date the State will begin to provide the service associated with the Breach. Notwithstanding the foregoing, the State may revise the time periods contained in the notice written to the Contractor.

In the event the State declares a Partial Default, the State may withhold, together with any other damages associated with the Breach, from the amounts due the Contractor the greater of: (1) amounts which would be paid the Contractor to provide the defaulted service; or (2) the cost to the State of providing the defaulted service, whether said service is provided by the State or a third party. To determine the amount the Contractor is being paid for any particular service, the Department shall be entitled to receive within five (5) days any requested material from Contractor. The

State shall make the final and binding determination of said amount.

The State may assess Liquidated Damages against the Contractor for any failure to perform which ultimately results in a Partial Default with said Liquidated Damages to cease when said Partial Default is effective. Upon Partial Default, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount. Contractor agrees to cooperate fully with the State in the event a Partial Default is taken

(4) Contract Termination— In the event of a Breach, the State may terminate the Contract immediately or in stages. The Contractor shall be notified of the termination in writing by the State. Said notice shall hereinafter be referred to as Termination Notice. The Termination Notice may specify either that the termination is to be effective immediately, on a date certain in the future, or that the Contractor shall cease operations under this Contract in stages. In the event of a termination, the State may withhold any amounts which may be due Contractor without waiver of any other remedy or damages available to the State at law or at equity. The Contractor shall be liable to the State for any and all damages incurred by the State and any and all expenses incurred by the State which exceed the amount the State would have paid Contractor under this Contract. Contractor agrees to cooperate with the State in the event of a Contract Termination or Partial Takeover.

b. State Breach— In the event of a Breach of contract by the State, the Contractor shall notify the State in writing within thirty (30) days of any Breach of contract by the State. Said notice shall contain a description of the Breach. Failure by the Contractor to provide said written notice shall operate as an absolute waiver by the Contractor of the State's Breach. In no event shall any Breach on the part of the State excuse the Contractor from full performance under this Contract. In the event of Breach by the State, the Contractor may avail itself of any remedy at law in the forum with appropriate jurisdiction; provided, however, failure by the Contractor to give the State written notice and opportunity to cure as described herein operates as a waiver of the State's Breach. Failure by the Contractor to file a claim before the appropriate forum in Tennessee with jurisdiction to hear such claim within one (1) year of the written notice of Breach shall operate as a waiver of said claim in its entirety. It is agreed by the parties this provision establishes a contractual period of limitations for any claim brought by the Contractor.

E.5. Partial Takeover. The State may, at its convenience and without cause, exercise a partial takeover of any service which the Contractor is obligated to perform under this Contract, including but not limited to any service which is the subject of a subcontract between Contractor and a third party, although the Contractor is not in Breach (hereinafter referred to as "Partial Takeover"). Said Partial Takeover shall not be deemed a Breach of Contract by the State. Contractor shall be given at least 30 days prior written notice of said Partial Takeover with said notice to specify the area(s) of service the State will assume and the date of said assumption. Any Partial Takeover by the State shall not alter in any way Contractor's other obligations under this Contract. The State may withhold from amounts due the Contractor the amount the Contractor would have been paid to deliver the service as determined by the State. The amounts shall be withheld effective as of the date the State assumes the service. Upon Partial Takeover, the Contractor shall have no right to recover from the State any actual, general, special,

incidental, consequential, or any other damages whatsoever of any description or amount.

- E.6. Termination Plan. The Contractor must have a termination plan to be implemented in the event the contract between TennCare and the Contractor is terminated for any of the above stated reasons. Records must be retained in accordance with the requirements of 45 CFR 74 (3 years after the final payment is made and all pending matters closed, plus additional time if an audit, litigation, or other legal action involving the records is started before or during the original 3 year period ends.
- E.7. Annual Report and Audit. The Contractor shall prepare and submit, within nine (9) months after the close of the reporting period, an annual report of its activities funded under this Contract to the commissioner or head of the contracting agency, the Tennessee Comptroller of the Treasury, and the Commissioner of Finance and Administration. The annual report for any Contractor that receives \$500,000 or more in aggregate federal and state funding for all its programs shall include audited financial statements. All books of account and financial records shall be subject to annual audit by the Tennessee Comptroller of the Treasury or the Comptroller's duly appointed representative. When an audit is required, the Contractor may, with the prior approval of the Comptroller, engage a licensed independent public accountant to perform the audit. The audit contract between the Contractor and the licensed independent public accountant shall be on a contract form prescribed by the Tennessee Comptroller of the Treasury. Any such audit shall be performed in accordance with generally accepted government auditing standards, the provisions of OMB Circular A-133, if applicable, and the *Audit Manual for Governmental Units and Recipients of Grant Funds* published by the Tennessee Comptroller of the Treasury. The Contractor shall be responsible for reimbursement of the cost of the audit prepared by the Tennessee Comptroller of the Treasury, and payment of fees for the audit prepared by the licensed independent public accountant. Payment of the audit fees of the licensed independent public accountant by the Contractor shall be subject to the provisions relating to such fees contained in the prescribed contract form noted above. Copies of such audits shall be provided to the designated cognizant state agency, the State Contracting Department, the Tennessee Comptroller of the Treasury, and the Department of Finance and Administration and shall be made available to the public.
- E.8. Independent Review of the Contractor. In accordance with Chapter 4 of the waiver approved by the Centers for Medicare and Medicaid Services may select a PRO, Private Accreditation Organization or an External Quality Review Organization (EQRO) to provide a periodic or an annual independent review of the Contractor. The results of the review shall be provided to TennCare and to the Contractor and shall be available, on request, to the Department of Health and Human Services, the Office of Inspector General and General Accounting Office.
- E.9. State Ownership of Work Products. The State shall have all ownership right, title, and interest, including ownership of copyright, in all work products created, designed, developed, derived, documented, installed, or delivered to the State under this Contract. The State shall have royalty-free and unlimited rights to use, disclose, reproduce, or publish, for any purpose whatsoever, all said work products. The Contractor shall furnish such information and data upon request of the State, in accordance with the Contract and applicable State law.
- E.10. Performance Bond. Upon approval of the Contract by all appropriate State officials in accordance with applicable State laws and regulations, the Contractor shall furnish a performance bond in the amount equal to Two Million Dollars (\$2,000,000.00), guaranteeing full and faithful performance of all undertakings and obligations under this Contract for the initial Contract term and all extensions thereof. The bond shall be in the

manner and form prescribed by the State and must be issued through a company licensed to issue such a bond in the State of Tennessee.

The Contractor shall obtain the required performance bond in form and substance acceptable to the State and provide it to the State no later than September 16, 2005. Failure to provide the performance bond prior to the deadline as required shall result in contract termination.

In lieu of a performance bond, a surety deposit in the sum of two million dollars (\$2,000,000.00) may be substituted if approved by the State prior to its submittal.

- E.11. Printing Authorization. The Contractor agrees that no publication coming within the jurisdiction of *Tennessee Code Annotated*, Section 12-7-101, *et. seq.*, shall be printed unless a printing authorization number has been obtained and affixed as required by *Tennessee Code Annotated*, Section 12-7-103 (d).

- (2) Public Official means any elected official, appointed official, or employee of:
 - (a) A federal, State or local unit of government in the U.S.
 - (a) A government corporation. (2 U.S.C.A. § 1602(15)(A) and (B))
- (3) Official in the Executive Branch means the governor, any member or the governor's staff, any member or employee of a state regulatory commission, including, without limitation, directors of the Tennessee regulatory authority, or any member or employee of any executive department or agency or other state body in the executive branch. (4) Official in the Legislative Branch means any member, member-elect, any staff person or employee of the General Assembly or any member of a commission established by and responsible to the General Assembly or either house thereof who takes legislative action. This includes the Secretary or State, Treasurer, and Comptroller of the Treasury and any employee of such offices. (T.C.A. § 3-6-102(17))

B. The Contractor further certifies by signing this Agreement, to the best of its knowledge and belief, that Federal funds have not been used for lobbying in accordance with 45 CFR 93.100 and 31 U.S.C.A. 1352. Regardless of funding source, lobbyist compensation cannot be directly or indirectly contingent on 1) the passage or defeat of a bill related to TennCare or sister health departments, 2) the number of covered TennCare enrollees, 3) or the amount of TennCare reimbursement to a vendor. Certification from the Contractor must include the following:

(1) No appropriated funds may be expended by the recipient of this Agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, an elected or appointed official or employee of the State of Tennessee, the General Accounting Office, Department of Health and Human Services, CMS or any other federal agency in connection with this Agreement or subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the Contractor which receive reimbursement through this Agreement from the Contractor.

(2) The Contractor must certify annually by filing a TennCare Disclosure of Lobbying Activities Form (Attachment VII) with TennCare and the TennCare Oversight Committee that the Contractor is in compliance with all state and federal laws relating to conflicts of interest and lobbying. This form must be signed by the Chief Executive Officer of the Contractor or his/her designee and must be received by TennCare and the TennCare Oversight Committee no later than December 31 of each year beginning with December 31, 2005. The certification must include any and all subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the Contractor which receive reimbursement through this Agreement from the Contractor. The certification must also include signed copies of any contracts or agreements as well as a list of individual entities who have been lobbied or influenced.

Failure by the Contractor to comply with the provisions herein shall result in termination of the Contract and/or liquidated damages as provided in Section D.4 and Attachment I.

E.15. Offer of Gratuities. By signing this Agreement, the Contractor signifies that no member of or a delegate of Congress, nor any elected or appointed official or employee of the State of Tennessee, the General Accounting Office, Department of Health and Human Services, CMS, or any other federal agency has or will benefit financially or materially from this procurement. This Agreement may be terminated by TennCare if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the Contractor, his agent, or employees and may result in termination of the Agreement and/or liquidated damages as provided in Section D.4 and Attachment I of this Agreement.

- E.16. Public Funding Notice. All notices, informational pamphlets, press releases, research reports, signs, and similar public notices prepared and released by the Contractor relative to this Contract shall include the statement, "This project is funded under an agreement with the State of Tennessee." Any such notices by the Contractor shall be approved by the State.
- E.17. Prohibited Advertising. The Contractor shall not refer to this Contract or the Contractor's relationship with the State hereunder in commercial advertising in such a manner as to state or imply that the Contractor or the Contractor's services are endorsed.
- E.18. Confidentiality of Records. Strict standards of confidentiality of records shall be maintained in accordance with the law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State shall be regarded as confidential information in accordance with the provisions of State law and ethical standards and shall not be disclosed, and all necessary steps shall be taken by the Contractor to safeguard the confidentiality of such material or information in conformance with State law and ethical standards.

The Contractor will be deemed to have satisfied its obligations under this section by exercising the same level of care to preserve the confidentiality of the State's information as the Contractor exercises to protect its own confidential information so long as such standard of care does not violate the applicable provisions of the first paragraph of this section.

The Contractor's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Contractor of this Contract; previously possessed by the Contractor without written obligations to the State to protect it; acquired by the Contractor without written restrictions against disclosure from a third party which, to the Contractor's knowledge, is free to disclose the information; independently developed by the Contractor without the use of the State's information; or, disclosed by the State to others without restrictions against disclosure.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.

- E.19. Copyrights and Patents. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims or suits which may be brought against the State for infringement of any laws regarding patents or copyrights which may arise from the Contractor's performance of this Contract. In any such action brought against the State, the Contractor shall satisfy and indemnify the State for the amount of any final judgment for infringement. The Contractor further agrees it shall be liable for the reasonable fees of attorneys for the State in the event such service is necessitated to enforce the terms of this Contract or otherwise enforce the obligations of the Contractor to the State. The State shall give the Contractor written notice of any such claim or suit and full right and opportunity to conduct the Contractor's own defense thereof.
- E.20. Public Accountability. If this Contract involves the provision of services to citizens by the Contractor on behalf of the State, the Contractor agrees to establish a system through which recipients of services may present grievances about the operation of the service program, and the Contractor agrees to display a sign stating:

"NOTICE: This Contractor is a recipient of taxpayer funding. If you observe an employee

engaging in any activity which you consider to be illegal or improper, please call the State Comptroller's toll free hotline: 1-800-232-5454"

Said sign shall be displayed in a prominent place, located near the passageway(s) through which the public passes to receive State funded services.

E.21. Environmental Tobacco Smoke. Pursuant to the provisions of the federal "Pro-Children Act of 1994" and the Tennessee "Children's Act for Clean Indoor Air of 1995," the Contractor shall prohibit smoking of tobacco products within any indoor premises in which services are provided pursuant to this Contract to individuals under the age of eighteen (18) years. The Contractor shall post "no smoking" signs in appropriate, permanent sites within such premises. This prohibition shall be applicable during all hours, not just the hours in which children are present. Violators of the prohibition may be subject to civil penalties and fines. This prohibition shall apply to and be made part of any subcontract related to this Contract.

E.22. Hold Harmless. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. The Contractor further agrees it shall be liable for the reasonable cost of attorneys for the State in the event such service is necessitated to enforce the terms of this Contract or otherwise enforce the obligations of the Contractor to the State.

In the event of any such suit or claim, the Contractor shall give the State immediate notice thereof and shall provide all assistance required by the State in the State's defense. The State shall give the Contractor written notice of any such claim or suit, and the Contractor shall have full right and obligation to conduct the Contractor's own defense thereof. Nothing contained herein shall be deemed to accord to the Contractor, through its attorney(s), the right to represent the State of Tennessee in any legal matter, such rights being governed by *Tennessee Code Annotated*, Section 8-6-106.

E.23. Tennessee Consolidated Retirement System. The Contractor acknowledges and understands that, subject to statutory exceptions contained in *Tennessee Code Annotated*, Section 8-36-801, *et. seq.*, the law governing the Tennessee Consolidated Retirement System, provides that if a retired member returns to State employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent Contractor, the Contractor may be required to repay to the Tennessee Consolidated Retirement System the amount of retirement benefits the Contractor received from the Retirement System during the period of this Contract.

E.24. Debarment and Suspension. The Contractor certifies, to the best of its knowledge and belief, that it and its principals:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal or State department or agency;
- b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a

criminal offence in connection with obtaining attempting to obtain, or performing a public (Federal, State, or Local) transaction or grant under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

- c. are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or Local) with commission of any of the offenses detailed in section b. of this certification; and
- d. have not within a three (3) year period preceding this Contract had one or more public transactions (Federal, State, or Local) terminated for cause or default.

E.25. Date/Time Hold Harmless. As required by *Tennessee Code Annotated* Section 12-4-118, the Contractor shall hold harmless and indemnify the State of Tennessee; its officers and employees; and any agency or political subdivision of the State for any breach of contract caused directly or indirectly by the failure to computer software or any device containing a computer processor to accurately or properly recognize, calculate, display, sort or otherwise process dates or times.

E.26. Effect of the Federal Waiver on this Agreement. The provisions of this Agreement are subject to the receipt of and continuation of a federal waiver granted to the State of Tennessee by the Centers for Medicare and Medicaid Services, U.S. Department of Health and Human Services. Should the waiver cease to be effective, the State shall have the right to immediately terminate this Agreement. Said termination shall not be a breach of this Agreement by TennCare and TennCare shall not be responsible to the Contractor or any other party for any costs, expenses, or damages occasioned by said termination.

E.27 Exigency Extension. At the option of the State, the Contractor agrees to continue services for the Department when TennCare determines that there is a public exigency that requires the contracted services to continue. Continuation of services pursuant to this section shall be in three (3) month increments and the total of all public exigency extensions shall not exceed twelve (12) months. Thirty (30) days notice shall be given by TennCare before this option is exercised. During any periods of public exigency, the Contractor shall be reimbursed at the rate in place immediately prior to the exigency extension.

E.28. Contractor Qualifications. At the inception of this Agreement and at all times during the life of this agreement, the Contractor shall be appropriately licensed to operate within the State of Tennessee. If during the life of this Agreement TennCare directs the Contractor to operate as a risk bearing entity for dental services, Contractor shall be at all times material licensed in the State of Tennessee as an Insurance Company pursuant to TCA Section 56-2-101 *et seq.*, a Health Maintenance Organization pursuant to TCA Section 56-32-201 *et seq.*, a Prepaid Licensed Health Services Organization, pursuant to TCA 56-51-101, *et seq.*, or as a Dental Service Plan pursuant to TCA Section 56-30-101 *et seq.* The Contractor must maintain its license as a Third Party Administrator, not withstanding any other licensure requirements, until such time as TDCI notifies the Contractor otherwise.

E.28.1 Disclosures. The Contractor shall disclose to TennCare full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the Federal Title XX programs in accordance with federal and state requirements, including Public Chapter 379 of the Acts of 1999. This disclosure shall be made at time and on forms prescribed by TennCare but no less frequently than on an annual basis to be

provided no later than January 1 of each calendar year. TennCare and/or the US Department of Health and Human Services may request information to be in the form of a consolidated financial statement. The following information shall be disclosed:

- E.28.1.a. The name and address of each person with an ownership or control interest in the disclosing entity or in any provider or subcontractors in which the disclosing entity has direct or indirect ownership of five percent (5%) or more and whether any of the persons named pursuant to this requirement is related to another as spouse, parent, child, or sibling. This disclosure shall include the name of any other disclosing entity in which a person with an ownership or control interest in the disclosing entity also has an ownership or control interest.
- E.28.1.b The identity of any provider or subcontractors with whom the Contractor has had business transactions totaling more than one thousand dollars (\$1,000) during the twelve (12) month period ending on the date of the disclosure.
- E.28.1.c. The identify of any person who has an ownership or control interest in the Contractor, or is an agent or managing employee of the Contractor and who has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid or the Federal Title XX services program since the inception of those programs.
- E.29. Action by the Department of Commerce & Insurance. The parties acknowledge that the Contractor is licensed to operate in the State of Tennessee, and is subject to regulation, examination and supervision by the Tennessee Department of Commerce and Insurance.
- E.30. Applicability of this Agreement. All terms, conditions, and policies stated herein apply to staff, agents, officers, subcontractors, providers, volunteers and anyone else acting for or on behalf of the Contractor. TennCare enrollees are the intended third party beneficiaries of contracts between the state and managed care organizations and of any subcontracts or provider agreements entered into by managed care organizations with subcontracting providers and, as such, enrollees are entitled to the remedies accorded to third party beneficiaries under the law. This provision is not intended to provide a cause of action against the Bureau of TennCare or the State of Tennessee by enrollees beyond any that may exist under state or federal law.
- E.31. HIPAA Compliance. The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its accompanying regulations.
 - a. Contractor warrants to the State that it is familiar with the requirements of HIPAA and its accompanying regulations, and will comply with all applicable HIPAA requirements in the course of this contract.
 - b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by HIPAA and its regulations, in the course of performance of the Contract so that both parties will be in compliance with HIPAA.
 - c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by HIPAA and that are reasonably necessary to keep the State and Contractor in compliance with HIPAA. This provision shall not apply if information received by the State under this Contract

is NOT "protected health information" as defined by HIPAA, or if HIPAA permits the State to receive such information without entering into a business associate agreement or signing another such document.

E.32. Tennessee Bureau of Investigation Medicaid Fraud and Abuse Unit (MFCU)
Access to Contractor and Provider Records Office of TennCare Inspector General
Access to Contractor, Provider, and Enrollee Records

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA) privacy regulations, MFCU and TennCare OIG shall be health oversight agencies as defined at 45 C.F.R. §§ 164.501 and 164.512(d) and 65 F.R. § 82462. When acting in their respective capacities as health oversight agencies, MFCU and TennCare OIG do not need authorization to obtain enrollee protected health information (PHI). Because MFCU and TennCare OIG will request the information mentioned above for health oversight activities, "minimum necessary" standards do not apply to disclosures to MFCU or TennCare OIG that are required by law. See 45 C.F.R. §§ 164.502(b)(2)(iv), 164.502(b)(2)(v), and 164.512(d).

The Contractor shall immediately report to MFCU all factually based known or suspected fraud, abuse, waste and/or neglect of a provider or Contractor, including, but not limited to, the false or fraudulent filings of claims and/or the acceptance or failure to return money allowed or paid on claims known to be false or fraudulent. The Contractor shall not investigate or resolve the suspicion, knowledge or action without informing MFCU, and must cooperate fully in any investigation by MFCU or subsequent legal action that may result from such an investigation.

The Contractor and all its health care providers who have access to any administrative, financial, and/or medical records which relate to the delivery of items or services for which TennCare monies are expended, shall, upon request, make them available to MFCU or TennCare OIG. In addition, the MFCU must be allowed access to the place of business and to all TennCare records of any Contractor or health care provider, during normal business hours, except under special circumstances when after hour admission shall be allowed. MFCU shall determine any and all special circumstances.

The Contractor and its participating and non-participating providers shall report TennCare enrollee fraud and abuse to TennCare OIG. The Contractor and/or provider may be asked to help and assist in investigations by providing requested information and access to records. Shall the need arise, TennCare OIG must be allowed access to the place of business and to all TennCare records of any TennCare Contractor or health care provider, whether participating or non-participating, during normal business hours.

The Contractor shall inform its participating and non-participating providers that as a condition of receiving any amount of TennCare payment, the provider must comply with this Section of this Contract regarding fraud, abuse, waste and neglect.

E.32.a. Prevention/Detection of Provider Fraud and Abuse

The Contractor shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities. The Contractor shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the Contractor in preventing and detecting potential fraud and abuse activities.

E.32.b. Fraud and Abuse Compliance Plan

E.32.b.(1) The Contractor shall have a written Fraud and Abuse compliance plan. A paper and electronic copy of the plan shall be provided to the TennCare Program Integrity Unit. The Contractor's specific

internal controls and policies and procedures shall be described in a comprehensive written plan and be maintained on file with the Contractor for review and approval by the TennCare Program Integrity Unit within ninety (90) days of the effective date of this Agreement. The TennCare Program Integrity Unit shall provide notice of approval, denial, or modification to the Contractor within thirty (30) days of review. The Contractor shall make any requested updates or modifications available for review to TennCare and/or the TennCare Program Integrity Unit as requested by TennCare and/or the TennCare Program Integrity Unit within thirty (30) days of a request. The State shall not transfer their law enforcement functions to the Contractor. At a minimum the written plan shall:

- iii. Include a description of the specific controls in place for prevention and detection of potential or suspected abuse and fraud, such as:
 - (a) Claims edits;
 - (b) Post-processing review of claims;
 - (c) Provider profiling and credentialing;
 - (d) Prior authorization;
 - (e) Utilization management;

 - (g) Written provider and enrollee material regarding fraud and abuse referrals.
- iv. Contain provisions for the confidential reporting of plan violations to the designated person as described in item 3 below;
- v. Contain provisions for the investigation and follow-up of any compliance plan reports;
- vi. Ensure that the identities of individuals reporting violations of the plan are protected;
- vii. Contain specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance plan violations;
- viii. Require any confirmed or suspected provider fraud and abuse under state or federal law be reported to TBI MFCU and that enrollee fraud and abuse be reported to the TennCare Program Integrity Unit;
- ix. Ensure that no individual who reports plan violations or suspected fraud and abuse is retaliated against.

E.32.b(2) The Contractor shall comply with the applicable requirements of the Model Compliance Plan for HMOs when the final model plan is issued by the U.S. Department of Health and Human Services, the Office of Inspector General (OIG).

E.32.b(3) The Contractor shall designate an officer or director in its organization who has the responsibility and authority for carrying out the provisions of the fraud and abuse compliance plan.

E.32.b(4) The Contractor shall submit an annual report to the TennCare Program Integrity Unit that includes summary results of fraud and abuse tests performed as required by 1-5.b.1.iii. and detailed in the Contractor's Fraud and Abuse compliance plan. The report should cover results for the year ending June 30 and be submitted by September 30 each year. This information in this report shall be provided in accordance with and in a format as described in the Contractor's approved compliance plan.

E.33. Solvency. The Contractor must provide assurances that Medicaid enrollees will not be liable for the Contractor's debt if the DBM becomes insolvent. The Contractor must cover the continuation of services to enrollees for the duration of the period for which payment has been made.

E.34. Conflict of Interest

The Contractor warrants that during the term of this Agreement no payments shall be paid to the following:

- (1) any State or federal officer, including but not limited to
 - a. a member of the State Legislature, or
 - b. a member of Congress, or
 - c. any immediate family member of any State or federal officer; or
- (2) any State or federal employee or any immediate family member of a State or federal employee unless otherwise authorized in writing by the Commissioner, Tennessee Department of Finance and Administration. Immediate family members may be exempted if State or federal officer or employee discloses such relationship to TennCare and the TennCare Oversight Committee. The applicability of this section includes, but is not limited to, any and all arrangements and/or agreements, written or verbal, that result in the Contractor making a payment or providing a gift in exchange for services or supplies.

The Contractor must certify annually by filing a TennCare Disclosure of Lobbying Activities Form (Attachment VII) with TennCare and the TennCare Oversight Committee that the Contractor is in compliance with all state and federal laws relating to conflicts of interest and lobbying, having made diligent inquiry of all subcontractors and/or persons receiving payment or gifts from Contractor pursuant to this Agreement. This form must be signed by the Chief Executive Officer of the Contractor or his/her designee and must be received by TennCare and the TennCare Oversight Committee no later than December 31 of each year beginning with December 31, 2005. The certification must include any and all subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the Contractor which receive reimbursement through this Agreement from the Contractor. The Chief Executive Officer acknowledges that he/she is responsible for ensuring that internal controls are in place to prevent and detect potential conflicts of interest and that due diligence was performed before providing certification of compliance. Any changes by the Contractor relating to the disclosure of

conflicts of interest or lobbying must be disclosed to TennCare within five (5) business days of the date of the change. (Refer to E.14, lobbying activities).

This Agreement may be terminated by TennCare if it is determined that the Contractor, its agents or employees offered or gave gratuities of any kind to any official, employee or immediate family member of an employee of the State of Tennessee, including a member of the State legislature. This Agreement may be terminated by TennCare if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the Contractor, his agent, or employees.

Failure to comply with the provisions required herein shall result in liquidated damages in the amount of one-hundred ten percent (110%) of the total amount of compensation that was paid inappropriately and may be considered a breach of this Agreement as described in Section E.4 and Attachment I, Liquidated damages, and subject to termination of this Agreement.

The Contractor shall be responsible for maintaining adequate internal controls to detect and prevent conflicts of interest from occurring at all levels of the organization and include the substance of this clause in all agreements, subcontracts, provider agreements, and any and all agreements that result from this Agreement between Contractor and TennCare.

ATTACHMENT I

LIQUIDATED DAMAGES

It is acknowledged by TennCare and the Contractor that in the event of failure to meet the requirements provided in this Agreement and all documents incorporated herein, TennCare will be harmed. The actual damages which TennCare will sustain in the event of and by reason of such failure are uncertain, are extremely difficult and impractical to ascertain and determine. The parties therefore acknowledge that the Contractor shall be subject to damages and/or sanctions as described below. It is further agreed that the Contractor shall pay TennCare liquidated damages as directed by TennCare and not to exceed the fixed amount as stated below; provided however, that if it is finally determined that the Contractor would have been able to meet the Agreement requirements listed below but for TennCare's failure to perform as provided in this Agreement, the Contractor shall not be liable for damages resulting directly therefrom.

- I. TennCare may impose any or all of the sanctions below upon TennCare's reasonable determination that the Contractor fails to comply with any corrective action plan (CAP) or is otherwise deficient in the performance of its obligations under the Agreement, provided, however, that TennCare only impose those sanctions it determines to be appropriate for the deficiencies identified. TennCare may impose intermediate sanctions on the Contractor simultaneously with the development and implementation of a corrective action plan if the deficiencies are severe or numerous.

Intermediate sanctions may include application of liquidated damages as described in Section E.4.a.ii.

- II. **Liquidated Damages**

Reports and Deliverables

For each day that a report or deliverable is late, incorrect, or deficient, the Contractor shall be liable to TennCare for liquidated damages in the amount of \$100 per work day per report or deliverable. Liquidated damages for late reports shall begin on the first day the report is late. Liquidated damages for incorrect reports (except ad hoc or on-request reports involving provider network information), or deficient deliverables shall begin on the sixteenth day after notice is provided from TennCare to the Contractor that the report remains incorrect or the deliverables remain deficient; provided, however, that it is reasonable to correct the report or deliverable within fifteen (15) calendar days. For the purposes of ad hoc or on-request reports involving provider network information, liquidated damages for incorrect reports shall begin on the first day the report is determined by TennCare to be incorrect. For the purposes of determining liquidated damages in accordance with this Section, reports or deliverables are due in accordance with the following schedule, unless otherwise specified elsewhere in this Agreement:

DELIVERABLES	DATE AGREED UPON BY THE PARTIES
Monthly Reports	20th of the following month.
Quarterly Reports, excluding SURS	30th of the following month.
Annual Reports	Ninety (90) calendar days after the end of the contract year. (September 30 th)

Program Issues

Liquidated damages for failure to perform specific responsibilities as described in this Agreement are shown below. Damages are grouped into three categories: Class A violations, Class B violations and Class C violations.

GUIDELINES FOR INTERNAL QUALITY MONITORING PROGRAMS OF ORGANIZATIONS CONTRACTING WITH TennCare

Each Organization which contracts with TennCare (also referred to as the State) shall have in place an internal quality monitoring system. Internal Quality Monitoring programs (QMPs) consist of systematic activities, undertaken by the organization itself to monitor and evaluate the care delivered to enrollees according to predetermined, objective standards, and to effect improvements as needed. The following guidelines will be used to establish State standards for internal QMPs for TennCare Contractors.

The guidelines were derived from three sources:

- The National Committee for Quality Assurance (NCQA) Quality Assurance Managed Care Organization Surveyor Guidelines, 2000;
- The National Association of HMO Regulators/National Association of Insurance Commissioners' Recommended Operational Requirements for HMO Quality Assurance Programs, adopted by the NAIC/NAHMOR Joint Task Force, December, 1988;
- The CMS Office of Prepaid Health Care's Quality Assurance Standards for HMOs and CMPs Contracting with the Medicare Program, dated November, 1989;

as detailed in "A HEALTH CARE QUALITY IMPROVEMENT SYSTEM FOR MEDICAID COORDINATED CARE", U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES, Health Care Financing Administration Medicaid Bureau, December 23, 1992.

SECTION I

GUIDELINES FOR INTERNAL QUALITY MONITORING PROGRAMS OF ORGANIZATIONS CONTRACTING WITH TENNCARE

STANDARD I: WRITTEN QMP DESCRIPTION

The organization has a written description of its QMP. This written description meets the following criteria:

- A. Goals and Objectives - The written description contains a detailed set of QM objectives which are developed annually and include a timetable for implementation and accomplishment.
- B. Scope -
 - 1. The scope of the QMP is comprehensive, addressing both the quality of clinical care and the quality of non-clinical aspects of service, such as and including: availability, accessibility, coordination, and continuity of care.
 - 2. The QMP methodology provides for review of the entire range of care provided by the organization, by assuring that all demographic groups, care settings, (e.g., surgery centers, ambulatory care including that provided in private practice offices) and types of services (e.g., preventive, primary, specialty care, and ancillary) are included in the scope of the review.
- C. Specific Activities - The written description specifies quality of care studies and other activities to be undertaken over a prescribed period of time, and methodologies and organizational arrangements to be used to accomplish them. Individuals responsible for the studies and other activities are clearly identified and are appropriate.
- D. Continuous Activity - The written description provides for continuous performance of the activities, including tracking of issues over time.
- E. Provider Review - The QMP provides for:
 - 1. Review by dentists and other dental professionals of the process followed in the provision of dental services; and
 - 2. Feedback to dental professionals and organization staff regarding performance and patient results.
- F. Focus on Dental Outcomes - The QMP methodology addresses dental outcomes to the extent consistent with existing technology.
- G. The QMP guidelines must be disseminated to all affected providers and, upon request, to enrollees and potential enrollees.

STANDARD II: SYSTEMATIC PROCESS OF QUALITY ASSESSMENT & IMPROVEMENT

The QMP objectively and systematically monitors and evaluates the quality and appropriateness of care and service to members, through quality of care studies and related activities, and pursues opportunities for improvement on an ongoing basis.

The QMP has written guidelines for its quality of care studies and related activities which include:

A. Specification of dental services delivery areas to be monitored -

1. The monitoring and evaluation of care reflects the population served by the Contractor in terms of age groups, disease categories, and special risk status.
2. For the TennCare population, the QMP monitors and evaluates, at a minimum, care and services in certain priority areas of concern selected by the State. These may be taken from among those identified by the Centers for Medicare and Medicaid (CMS) (formerly Health Care Financing Administration/HCFA), or other sources as deemed necessary by TennCare.
3. At its discretion and/or as required by TennCare, the Contractor's QMP also monitors and evaluates other important aspects of care and services.

B. Use of Quality Indicators -

Quality indicators are measurable variables relating to a specified dental services delivery area, which are reviewed over a period of time to monitor the process or outcomes of care delivered in that area.

1. The Contractor identifies and uses quality indicators including those specified in Clinical and Health Services Delivery Areas of Concern that are objective, measurable, and based on current knowledge and clinical experience.
2. For the priority areas selected by the state from the CMS Bureau's list of priority dental services delivery areas of concern, or other sources as deemed necessary by the State, the organization shall monitor and evaluate quality of care through studies which include, but are not limited to, the quality indicators also specified by the CMS Bureau or by the State.
3. Methods and frequency of data collection are appropriate and sufficient to detect need for program change.

C. Use of Clinical Care Standards/Practice Guidelines -

1. The QMP studies and other activities monitor quality of care against dental service delivery standards or practice guidelines specified for each area identified in "STANDARD II, A," above.
2. The standards/guidelines are based on reasonable scientific evidence and are developed or reviewed by plan providers.
3. The standards/guidelines focus on the process and outcomes of dental care delivery, as well as access to care.
4. A mechanism is in place for continuously updating the standards/guidelines.
5. The standards/guidelines shall be included in provider manuals developed for use by dental providers or otherwise disseminated to providers as they are adopted.

6. The standards/guidelines address preventive dental services.
7. Standards/guidelines are developed for the full spectrum of populations enrolled in the plan.
8. The QMP shall use these standards/guidelines to evaluate the quality of care provided by the Contractor's providers, whether the providers are organized in groups or as individuals.

D. Analysis of Clinical Care and Related Services -

1. Appropriate clinicians monitor and evaluate quality through review of individual cases where there are questions about care, and through studies analyzing patterns of clinical care and related services. For quality issues identified in the QMP's targeted clinical areas, the analysis includes the identified quality indicators and uses clinical care standards or practice guidelines.
2. Multidisciplinary teams are used, where indicated, to analyze and address systems issues.

E. Implementation of Remedial/Corrective Actions -

The QMP includes written procedures for taking appropriate remedial action whenever, as determined under the QMP, inappropriate or substandard services are furnished, or services that should have been furnished were not.

These written remedial/corrective action procedures include:

1. specification of the types of problems requiring remedial/corrective action;
2. specification of the person(s) or body responsible for making the final determinations regarding quality problems;
3. specific actions to be taken;
4. provision of feedback to appropriate dental professionals and staff;
5. the schedule and accountability for implementing corrective actions;
6. the approach to modifying the corrective action if improvements do not occur;
7. procedures for terminating the affiliation with the dental professional.

F. Assessment of Effectiveness of Corrective Actions -

1. As actions are taken to improve care, there is monitoring and evaluation of corrective actions to assure that appropriate changes have been made. In addition, changes in practice patterns are tracked.
2. The Contractor assures follow-up on identified issues to ensure that actions for improvement have been effective.

G. Evaluation of Continuity and Effectiveness of the QMP -

1. The Contractor conducts a regular examination of the scope and content of the QMP to ensure that it covers all types of services in all settings, as specified in STANDARD I-B-2.
2. At the end of each year, a written report on the QMP is prepared, which addresses: QM studies and other activities completed; trending of clinical and service indicators and other performance data; demonstrated improvements in quality; areas of deficiency and recommendations for corrective action; and an evaluation of the overall effectiveness of the QMP.
3. There is evidence that QM activities have contributed to reasonable improvements in the care delivered to members such that the level of care provided is that which is recognized as acceptable professional practice in the respective community in which particular providers practice.

STANDARD III: ACCOUNTABILITY TO THE GOVERNING BODY

The Governing Body of the organization is the Board of Directors or, where the Board's participation with quality improvement issues is not direct, a designated committee of the senior management of the Contractor. Responsibilities of the Governing Body for monitoring, evaluating, and making improvements to care include:

- A. Oversight of QMP - There is documentation that the Governing Body has approved the overall QMP and an annual QM plan.
- B. Oversight Entity - The Governing Body has formally designated an accountable entity or entities within the organization to provide oversight of QM, or has formally decided to provide such oversight as a committee of the whole.
- C. QMP Progress Reports - The Governing Body routinely receives written reports from the QMP describing actions taken, progress in meeting QM objectives, and improvements made.
- D. Annual QMP Review - The Governing Body formally reviews on a periodic basis (but no less frequently than annually) a written report on the QMP which includes: studies undertaken, results, subsequent actions, and aggregate data on utilization and quality of services rendered, to assess acceptability.
- E. Program Modification - Upon receipt of regular written reports from the QMP delineating actions taken and improvements made, the Governing Body takes action when appropriate and directs that the operational QMP be modified on an ongoing basis to accommodate review findings and issues of concern within the organization. This activity is documented in the minutes of the meetings of the Governing Board in sufficient detail to demonstrate that it has directed and followed up on necessary actions pertaining to Quality Monitoring/Improvement.

STANDARD IV: ACTIVE QM COMMITTEE

The QMP delineates an identifiable structure responsible for performing QM functions within the organization. This committee or other structure has:

- A. Regular Meetings - The structure/committee meets on a regular basis with specified frequency

to oversee QMP activities. This frequency is sufficient to demonstrate that the structure/committee is following-up on all findings and required actions, but in no case are such meetings less frequent than quarterly.

- B. Established parameters for Operating - The role, structure and function of the structure/committee are specified.
- C. Documentation - There are records documenting the structure's/committee's activities, findings, recommendations and actions.
- D. Accountability - The QMP committee is accountable to the Governing Body and reports to it (or its designee) on a scheduled basis on activities, findings, recommendations and actions.

CLINICAL AND HEALTH SERVICES DELIVERY AREAS OF CONCERN, QUALITY INDICATORS, AND CLINICAL PRACTICE GUIDELINES FOR QUALITY IMPROVEMENT IN TennCare ORGANIZATIONS

I. INTRODUCTION

The section entitled "GUIDELINES FOR INTERNAL QUALITY MONITORING PROGRAMS OF ORGANIZATIONS CONTRACTING WITH TennCare" (the Guidelines) describes the activities which TennCare requires as standards for internal quality assurance programs (QMPs). The Guidelines, in part, call for TennCare Contractors responsible for administering medical/dental services to implement a systematic process of quality assessment and improvement by which the care delivered to enrollees is monitored, evaluated, and continually improved to comply with the Guidelines for internal QMPs.

II. QUALITY OF CARE STUDIES

An organization cannot monitor the care delivered to every enrollee each time he or she requires health care. Such an attempt would be beyond the organization's and State and Federal resources. As an alternative, the organization shall select certain aspects of care to monitor over a specified time period. Over subsequent time periods, monitoring will be repeated in that area to detect patterns of care over time, and new areas will be selected for initial study. Such monitoring takes place through focused quality of care studies.

Focused quality of care studies are detailed investigations of certain aspects of health care services which are designed to answer defined questions about the quality and appropriateness of care and point the way to how that care can be improved. Such focused studies are superior to random or unfocused record reviews because they provide information about care in the aggregate as opposed to information about the care received by a limited number of enrollees.

III. CLINICAL AND HEALTH SERVICES DELIVERY AREAS OF CONCERN:

Item II. A. in the "Guidelines for Internal Quality Monitoring Programs of Organizations Contracting with TennCare", states in part:

"The QMP has written guidelines for its quality of care studies...which shall include:

1. specification of clinical or health services delivery area to be monitored -
 - a. The monitoring and evaluation of care reflects the population served by the organization in terms of age groups, disease categories, and special risk status.
 - b. For the TennCare population, the QMP monitors and evaluates, at a minimum, care and services in certain priority areas of concern selected by the State. These may be taken from among those identified by HCFA's Medicaid Bureau, or other sources as deemed necessary by TennCare."

A review of the literature and discussion with health authorities pertaining to the prevalence and significance of health concerns has lead to the identification of the following priority clinical and health services delivery areas of concern. With the exception of the identification of pregnancy, childhood immunizations, and continuity of care, as required for continuous monitoring and evaluation by plans, the areas listed below are not listed in any order of priority.

Clinical areas of concern:

Dental Screening and Services for Individuals less than 21 Years of Age.

Health Services Delivery Areas of Concern:

1. Continuity/Coordination of Care (Required continual monitoring with quarterly reporting)
2. Access to Care
3. Utilization of Services
4. Health Education
5. Emergency Services

One of the health services delivery areas of concern (continuity/coordination of care) is required for continuous evaluation and study if applicable to the patient population. In addition, it is required that Contractor select on a quarterly basis, at least one additional area of concern to study. This may be a follow-up of a previously performed evaluation or a new study. Areas of concern may come from the above noted list, or at the discretion of the Contractor, from another source. In addition, the Contractor will perform such studies as the State may direct. Effective July 1, 2001, all entities contracted with TennCare for the provision of services to children are required to begin a continuous evaluation and study of access to EPSDT services for individuals less than twenty-one (21) years of age. A copy of the study design shall be submitted to TennCare for review and approval within ninety (90) days of the effective date of this Agreement.

IV. *CLINICAL PRACTICE GUIDELINES/STANDARDS:*

The identification of areas needing improvement and the creation of a baseline for future assessment necessitates specifying goals or standards for health services to which care actually delivered can be compared. Item II. C. in the Guidelines states, in part, that:

"a. The QMP studies and other activities monitor quality of care against clinical or health services delivery standards or practice guidelines specified for each clinical or health services delivery area identified in II. A., above..."

Clinical care standards, practice guidelines, practice options and practice advisories are all types of "practice parameters". Practice parameters are recommendations or an agreed upon set of principles for the delivery of certain types or aspects of dental care. They are promulgated by authoritative bodies such as professional associations or ad-hoc "expert committees". Because professional judgment may often vary, there can frequently be more than one set of practice parameters addressing the same topic. However, the vast majority of dental professional organizations endorse the use of practice parameters in improving the quality of dental care.

For this reason, the Guidelines recommend monitoring quality of care using clinical care standards or practice guidelines for each clinical or health services delivery area selected by the Contractor or State for study.

For other clinical or health services delivery areas to be studied by the Contractor as part of its agreement with TennCare, the Contractor and TennCare shall agree upon the clinical practice standards or practice guidelines which are to be utilized by the Contractor in its evaluation of care. If TennCare wishes the Contractor to evaluate care in an area in which the organization has not already adopted a set of practice guidelines, the organization and TennCare will agree upon usage of existing clinical practice standards/practice guidelines based upon those already developed by authoritative bodies.

V. *QUALITY INDICATORS:*

In conducting quality of care studies, the organization assesses care through the use of objective indicators. Quality indicators are measurable variables relating to a specified clinical or health services delivery area, which are reviewed over a period of time to screen delivered health care and/or to monitor the process or outcome of care delivered in that clinical area. Item II. B. of the Guidelines states:

- "a. The organization identifies and uses quality indicators that are objective, measurable, and based on current knowledge and clinical experience...
- b. For the priority areas selected by the State from CMS Bureau's list of priority clinical and health services delivery areas of concern, or other sources as deemed necessary by the State, the Contractor shall monitor and evaluate quality of care through studies which include, but are not limited to, the quality indicators also specified by CMS Bureau or the State."

TennCare and the Contractor shall mutually determine clinical indicators to be monitored for each clinical or health services delivery area of concern. Because of its importance, continuity/coordination of care indicators shall be monitored by the organization on a continuous basis (as opposed to on a one time basis) and reported to TennCare on a Quarterly basis. At its own discretion or as directed by TennCare, the Contractor should identify, based on clinical practice guidelines described above, additional clinical indicators to be monitored for the additionally selected clinical conditions.

In addition, TennCare shall use individual encounter data and other required reports to monitor performance on an on-going basis.
