Re: Non-competitive Contract Amendments to Increase Maximum Liability  
Special Deputy Electrical Inspectors

Dear Ms. Chick:

Attached for review and approval of the Fiscal Review Committee pursuant to Tenn. Code Ann. §4-56-107 are fourteen (14) amendments to existing contracts between the Department of Commerce and Insurance (the "Department") and Deputy Electrical Inspectors ("DEI's") to perform inspections of electrical wiring installations. The Commissioner of Commerce and Insurance is authorized to appoint any person acting through a professional corporation to perform electrical inspection services pursuant to Tenn. Code Ann. § 68-102-143(a)(1) before electric service is connected to a business or construction on a permanent basis. In accordance with Tenn. Code Ann. § 68-102-143(a)(3), the Commissioner is required "to ensure that electrical inspection services are available throughout the [S]tate on a timely basis."

We believe that the amendments to increase maximum liability of each of these contracts can be justified based on an increase in the number of electrical inspections each DEI is requested to perform, the limited number of individuals qualified as DEI's, and the importance of conducting the inspections in a timely manner.<sup>1</sup> The volume of work assigned to some DEI's has increased simply due to improved economic activity in the service areas to which the DEI is assigned. In other cases, the disability, illness, death, resignation of some DEI's has resulted in a need to shift the work to others in the designated inspection territory. Attached is a table summarizing the reason for which approval of each amendment increasing maximum liability is requested.

---

<sup>1</sup> Tenn. Code Ann. § 68-102-143(a)(3) (A) provides that inspections are considered "timely" when performed within three (3) working days of the request.

Letter to Ms. Leni Chick  
February 6, 2014  
Page 2 of 2

Please note that DEI's are compensated by receiving eighty-five percent (85%) of the amount of the fees set by statute which are collected for the permits from the individuals or entities requesting inspections, with the remaining fifteen percent (15%) retained by the Department to cover administrative costs associated with the electrical inspection program. The proposed increase in maximum liability for each of the DEI's is based on an estimate of the amount of work each DEI will be asked to perform through the end of the current contract period, June 30, 2016, and the corresponding inspection fees each DEI is expected to collect during such period.

I have attached the Supplemental Documentation required for review by the Fiscal Review Committee, Edison printouts related to payments made under each contract, the amendments and Amendment Requests applicable to each DEI contract approved by the Central Procurement Office, and the original contracts.

Please advise if you have any questions or need any additional information.

Respectfully,

<p><b>14. Explanation Need for the Proposed Amendment</b></p> <p>The proposed amendment is required because the current contractor, T.J. Hesson Electrical Services, PC, has been requested to perform a greater volume of work than was anticipated when the initial contract was entered due to termination and/or resignation of other deputy electrical inspectors in the service area(s) where such work is performed.</p> <p>In order for the Contractor to continue to perform services required by the Division of Fire Prevention, it is necessary to increase the maximum liability of the subject contract from \$199,000 to \$272,359.</p> <p>Please note that the Contractor provides electrical inspection services to remote and rural areas of the state which do not have a large pool of qualified individuals that meet the eligibility requirements of this service. The number of individuals qualified to perform the work required is very limited.</p> <p>The proposed change in maximum liability is based on a revised estimate of the work that the Contractor will be required to perform in order to ensure continuity of services (continued electrical inspections) on behalf of the State. The Department has estimated the amount required to be approximately \$65,000 per year for each of the next two (2) fiscal years. (The current contract term ends June 30, 2016.)</p>	
<p><b>15. Name &amp; Address of the Contractor's Principal Owner(s)</b>  - NOT required for a TN state education institution</p> <p>T.J. Hesson Electrical Services, PC  400 Kyson Circle  Lafayette, TN 37083  615-633-5681</p>	
<p><b>16. Evidence Contractor's Experience &amp; Length Of Experience Providing the Goods or Services</b></p> <p>The Contractor has served as a deputy electrical inspector for more than three (3) years, during which time the quality of services performed has been excellent.</p>	
<p><b>17. Efforts to Identify Reasonable, Competitive, Procurement Alternatives</b></p> <p>Please note that competitive procurement is not feasible, since electrical inspection permit fees are currently specified by law, Tenn. Code Ann. T.C.A. § 68-102-143(b)(2), rather than by competitive bid. The Department retains fifteen percent (15%) of the fees charged for costs associated with the administration of the electrical inspection program, and the inspectors receive eighty-five percent (85%) of the total fee assessed.</p>	
<p><b>18. Justification</b></p> <p>Pursuant to Tenn. Code Ann. § 68-102-143(b)(2), deputy electrical inspectors are required to possess: (1) a high school diploma or GED certificate; (2) practical experience consisting of at least five (5) years in electrical installation or inspection; and, (3) proof of having passed a nationally recognized certification examination in both (a) electrical one- and two-family dwellings and (b) electrical general.</p> <p>As stated above, the number of potential contractors who meet the qualification the Department requires is small. In this regard, please note that the Department is required by law to perform inspections of electrical installations within three working days of the date the request is made," and it also requires to contractor "through the inspector's professional corporate to provide electrical inspection services." (See T.C.A. § 68-102-143.)</p>

**AMENDMENT ONE  
OF CONTRACT FA1235962**

This Amendment is made and entered by and between the State of Tennessee, Department of Commerce and Insurance, hereinafter referred to as the "State" and T.J. Hesson Electrical Services, PC, hereinafter referred to as the Contractor. It is mutually understood and agreed by and between said, undersigned contracting parties that the subject contract is hereby amended as follows:

1. Contract Section C.1. Maximum Liability is deleted in its entirety and replaced with the following:

C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed two hundred seventy-two thousand three hundred fifty-nine dollars and no cents (\$272,359). This amount shall constitute the entire compensation due the Contractor for the Service and all of the Contractor's obligations hereunder regardless of the difficulty, materials or equipment required. The Contract amount includes, but is not limited to, all applicable taxes, fees, overhead, profit, and all other direct and indirect costs incurred or to be incurred by the Contractor.

The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with the payment rates detailed in section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

Required Approvals. The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

Amendment Effective Date. The revisions set forth herein shall be effective April 21, 2014. All other terms and conditions of this Contract not expressly amended herein shall remain in full force and effect.
