SWC# 419 – Digital Mailing Machines – Edison #29762

Contract Start Date: January 1, 2012

System Expiration Date: December 31, 2015

Original Number of Renewals: 7

Renewals Remaining: 4

Competitively Procured: No – Sole Source contract awarded to 2 vendors

of Invitations Sent: 2

of Responses Received: 2

Requested Action: *Update* Result of Amendment 1 (Reviewed by FRC on Dec. 8th, 2014):

Pitney Bowes is offering a price decrease on line items #37 and #72 due to a vendor error in their original bid. The State has not purchased either of these items under this contract, so there is no estimated annual savings. However, if the State does purchase these items in the remainder of the contract, the State will realize a 72% cost saving on line #37 and a 28% saving on line #72.

Current Request: Amendment 2: Amend contract to divide, by type of service, the current contract line items and catalog items, among the three entities operating under the Pitney Bowes umbrella, to align the contract services with the proper Pitney Bowes vendor entity. Pitney Bowes originally bid as one vendor, but there are three separate Pitney Bowes entities that provide the services included in the Statewide contract. Amendment will award all current line items pertaining to leasing equipment to Pitney Bowes Global Financial Services LLC (vendor #9559), award line items pertaining to purchases and rentals of equipment as well as maintenance and supplies to Pitney Bowes Inc. (vendor #238), and award all lines pertaining to the addition of postage to meters to The Pitney Bowes Bank Inc. (vendor #70034).

Vendor Name and Location: Pitney Bowes, US Postal Services PO Box 7247-0166, Philadelphia, PA 19170-0166

Main User Agencies: TDH, DHS, Safety, DCS, Education

Estimated Annual Volume:

Year 1: \$3,500,000

Year 2: \$3,500,000

Year 3: \$2,500,000

Year 4: \$2,500,000

Year 5: \$2,000,000

Spend to Date: Pitney Bowes = \$762,520.55

Original Estimated Annual Cost Savings (if any): N/A

Background: SWC #419 Digital Mailing Machines provides mailing equipment and related software and supplies. SWC #419 allows users to purchase or lease mailing equipment, lease meters and scales, purchase software solutions to support mailing equipment, and purchase supplies to service mailing equipment. There is also a catalog on contract for non-core items with a percent discount available to allow users to customize their equipment to suit their specific needs if the core items do not cover their needs.

Requested Action: Amendment to Extend Contract for Two (2) Years

Vendor Name and Location: Layer 3 Communications, LLC, 1555 Oakbrook Dr Ste 100, Norcross, GA 30093

Main User Agencies: Office for Information Resources (OIR)

Estimated Annual Volume: \$ 104,422.00

Spend to Date: \$ 918,426.52 (04/01/2012 – 01/12/2015)

Original Estimated Annual Cost Savings (if any): \$7,659.56

Background: The State is currently on a three-year contract with Layer 3 Communications to resell Aruba hardware, software, and services. This contract is used by OIR to procure State-Standard Aruba products. CPO would like to amend the current contract with Layer 3 Communications to extend the contract for an additional two-year term and to take advantage of a price decrease for new hardware purchases. The State of Tennessee has the best discount of all states in the country on annual maintenance with a discount of 15.1%. The state with the next closest discount rate is Texas at 6.5%. Tennessee will have the second highest discount on new hardware purchases of all states in the country at 36.0%. Texas has a better discount at 44.0% but has committed to millions of dollars in purchases to secure the discount percentage. It is unlikely that a new procurement would produce more favorable pricing because other states that have recently procured Aruba contracts received discount rates lower than Tennessee's current discount rates. Tennessee is also saving on administrative cost by extending this contract rather than re-procuring the contract.

Requested Action & Notes: Amend to extend current contract two (2) years.

Vendor Name and Location: Current Components, Inc. 203A East Main Street, Middletown, MD 21769

Main User Agencies: Department of Health, Department of Commerce and Insurance, Department of Labor

Estimated Annual Volume: \$150,000.00

Spend to Date: \$57,535.76

Original Estimated Annual Cost Savings (if any): 0

Background: There were 422 companies invited to participate and only one responded. The actual spend for this contract has been significantly lower than the original estimates. The major items purchased have been the Specialty Printers and Scanners for Edison to process checks and print receipts. The latest estimates for future purchases of these goods are even lower than actual purchases to date. For this reason CPO is asking that the current contract be extended for two (2) additional years in order to maintain the current pricing structure.
