

# FISCAL NOTE

## SB 869 - HB 689

February 24, 1997

**SUMMARY OF BILL:** Allows a trailer or semi-trailer transporting motor vehicles to be fourteen feet in height. The current limit is thirteen feet, six inches

### ESTIMATED FISCAL IMPACT:

#### Decrease State Revenues - Less Than \$100,000 / Highway Fund

The number of over height trip permits, at \$15 per trip, will decrease but the exact number is not known.

Estimate does not include any damage to bridges which may occur without permits, since safe routing is provided with issuance of permit. Assumption is made that owners of transport vehicles would be responsible for such damages.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
