by adding the following new section to be appropriately designated.

SECTION \_\_\_\_\_. If a student receives individualized psychological counseling, the parent of that student shall be notified promptly of such counseling unless:

- 1) The counseling was rendered as part of some school or class-wide emergency situation.
- 2) The counseling deals with some physical or sexual abuse which may arise in the student's home; or
- 3) The request for counseling is initiated at the request of the student.
