SUMMARY OF BILL: Specifies information to be considered and addressed in making recommendations in the required report of the Comptroller of the Treasury evaluating municipal electric systems offering cable and/or internet services.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Not Significant

Estimate assumes an increase in expenditures to the Comptroller's office to include the required information in the report. The Comptroller's office indicates that should including such information require contracting with a consultant, the costs associated could be absorbed in the existing budget over time as the report is not required until 2005.
