Comm. Amdt. _____

AMEND Senate Joint Resolution No. 629* <HB>

By deleting from subdivision (1) of the second paragraph of the amendatory language of the first resolving clause of Senate Judiciary Committee Amendment # 2 (# 1620749) the language “reflect the estimated rate of change in per capita” and substituting instead the language “reflect the estimated rate of growth in per capita”.

Senate Judiciary Committee Amendment No. 1 to No. 2 provides that the formula for calculating the spending limitation is modified to reflect the estimated **GROWTH** in per capita personal income rather than to reflect the estimated **CHANGE** in per capita personal income.
