

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 3215 – SB 3192

January 29, 2010

SUMMARY OF BILL: Requires the American Society of Heating, Refrigeration, and Air Conditioning Engineers (ASHRAE) Standard 90.1-2007 to be the minimum requirement for the effective use of energy in buildings other than one and two-family dwellings. Authorizes local jurisdictions to adopt the ASHRAE Standard 90 1-2007, its equivalent, or a more stringent code for their jurisdiction.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Increase Local Expenditures – Not Significant/Permissive

Assumptions:

- Any cost for the regulation of this new building standard can be accommodated within existing resources without an increased appropriation or reduced reversion.
- Should local governments elect to adopt the same standards or more stringent standards, the fiscal impact is estimated to be not significant.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in cursive script that reads "James W. White".
