FISCAL NOTE

HB 1960 - SB 2064

March 7, 2011

SUMMARY OF BILL: Creates a Class A misdemeanor offense for a person to knowingly capture, or spy upon any individual for the purpose of capturing, any visual image, sound recording, or other physical impression of a person other than an elected official if the act was done in a manner offensive to a reasonable person where the person has a reasonable expectation of privacy and where the act was done without prior consent of the person. Adds an enhancement based on this accompanying conduct with a maximum fine of \$5,000 to the offenses of assault, false imprisonment, criminal trespass, trespass by motor vehicle, and reckless driving.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- There will not be a sufficient number of prosecutions of the new offense for state or local government to experience any significant increase in revenue or expenditures.
- Increasing the maximum fine for existing offenses in these circumstances will not significantly increase state or local government revenue.
