

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**HB 1895 - SB 2050**

February 21, 2014

**SUMMARY OF BILL:** Creates health insurance mandates related to telehealth. A health insurance carrier:

- Shall provide coverage under a health insurance policy or contract for covered healthcare services delivered through telehealth;
- Shall reimburse a licensed healthcare provider for the diagnosis, consultation, and treatment of an insured patient for a healthcare service covered under a health care policy or contract that is provided through telehealth;
- Is prohibited from denying payment of healthcare coverage solely because it is provided through telehealth and is not provided in-person between a healthcare provider and a patient.
- May impose a deductible, copayment, or coinsurance amount on benefits for healthcare services that are delivered through a telehealth encounter; provided, however, that the patient responsibility is similar to what it would be had the service been delivered through an in-person encounter; and
- Shall reimburse licensed healthcare providers who are out-of-network for telehealth care services under the same reimbursement policies applicable that the benefit plan permits for in-person encounters that are out-of-network.

Requires a health insurance carrier to reimburse for telehealth services under the same reimbursement policies that the benefit plan permits for in-person encounters.
