by deleting all language after the enacting clause and substituting instead the following:

**SECTION 1.**

(a) There is created a task force to identify causes for balance billing and to recommend legislative solutions that best protect consumers from balance billing by healthcare providers.

(b) In order to recommend legislative solutions pursuant to subsection (a), the task force shall:

(1) Study causes of balance billing and other states' solutions to balance billing;

(2) Assess the potential fiscal impact to this state of applying the various potential approaches;

(3) Assess the impact to commerce, including cost to consumers through balance billing and health insurance premiums, compliance cost for healthcare providers, and compliance cost for health insurers;

(4) Seek additional input from stakeholders in the healthcare system;

(5) Identify preferable legislative solutions for this state that best address the problem without a fiscal impact to this state; and

(6) Report its findings to the commerce and labor committee of the senate and the insurance and banking committee of the house of representatives.

(c) The task force shall be comprised of the following individuals:
