

SENATE BILL 546

By Gardenhire

AN ACT to amend Tennessee Code Annotated, Title 4 and Title 71, Chapter 4, Part 6, relative to vocational rehabilitation services for the blind.

WHEREAS, the Department of Human Services is responsible for providing vocational rehabilitation services to persons who are blind, and these services are intended to enable such persons to become gainfully employed in a competitive and integrated setting; and

WHEREAS, adjustment to blindness services are services generally required by persons who are blind, so that they may successfully engage in employment; and

WHEREAS, structured discovery learning techniques have been demonstrated to be effective in teaching people who are blind the necessary blindness skills to be gainfully employed; and

WHEREAS, there is not a structured discovery rehabilitation center in Tennessee, therefore most people who are blind are denied access to these types of services; and
