

SB 47 – HB 813

March 23, 2015

SUMMARY OF ORIGINAL BILL: Establishes that in any year, beginning with FY14-15, in which state revenue growth exceeds three percent over the previous fiscal year, the Hall Income Tax (HIT) rate will be reduced by one percentage point on January 1 for the following calendar year; except that when the rate is reduced to three percent and in the event state revenue growth exceeds three percent over the previous fiscal year after such reduced rate becomes effective, then the subsequent reduction to the rate shall be three-fourths of one percent. Requires the Commissioner of Finance and Administration (F&A), in consultation with the Commissioner of Revenue, on June 15 of any such fiscal year, to certify the amount of the state tax revenue collected for the then current fiscal year and notify the Governor, Speakers of the Senate and House of Representatives, and State Treasurer of such amount, including the amount of any surplus state tax revenue collected. Requires the Commissioner of Revenue to publish, by September 1 immediately following the certification, the HIT rate at which the income derived from stocks and dividends shall be taxed beginning of January 1 of the next calendar year. Changes the local government distribution rate, after any deductions for necessary administrative expenses, from 37.50 percent to: 45.00 percent when the HIT rate is 5.00 percent; 56.25 percent when the HIT rate is 4.00 percent; 75.00 percent when the HIT rate is 3.00 percent; and 100.00 percent when the HIT rate is 2.25 percent, 1.50 percent, or 0.75 percent. Defines “state revenue growth” as, for any tax year, the percentage increase in revenue derived from state taxes and collected by the state.

FISCAL IMPACT OF ORIGINAL BILL:

Decrease State Revenue – Net Impact –

\$43,477,500/FY16-17
\$86,954,900/FY17-18
\$130,445,900/FY18-19
\$163,054,000/FY19-20
\$164,247,600/FY20-21
\$165,441,200/FY21-22
\$166,634,800/FY22-23 and Subsequent Years

Decrease State Expenditures – \$500,000/FY23-24 and Subsequent Years

Increase Local Revenue – Net Impact –

\$615,000/FY16-17
\$1,229,900/FY17-18
\$1,858,400/FY18-19
\$2,319,600/FY19-20

Decrease Local Revenue – Net Impact –

\$28,633,600/FY20-21

\$59,586,900/FY21-22

\$90,540,200/FY22-23 and Subsequent Years

Other Fiscal Impact – Secondary economic impacts may occur as a result of this bill. Such impacts may be realized due to changes in population or as a result of other behavioral changes prompted by the passage of this bill. Due to multiple unknown factors, fiscal impacts directly attributable to such secondary economic impacts cannot be quantified with reasonable certainty.

Any change in the fiscal impact as a result of state revenue growth not exceeding three percent over the previous fiscal year will be contingent upon the specific fiscal year in which such growth was not exceeded, and the apportionment rate for local government for any such fiscal year. The fiscal impact for the bill in such instances will be significant to both state and local government; however, any such fiscal impacts cannot be quantified.

SUMMARY OF AMENDMENT (004446): Establishes that the reduction in HIT rate will begin on January 1 of the year following the year in which the Commissioner of F&A determines that state revenue growth exceeded an average of three percent over the previous two consecutive fiscal years.

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Decrease State Revenue – Net Impact –

\$43,477,500/FY16-17

\$86,954,900/FY17-18

\$130,445,900/FY18-19

\$163,054,000/FY19-20

\$164,247,600/FY20-21

\$165,441,200/FY21-22

\$166,634,800/FY22-23 and Subsequent Years

Decrease State Expenditures – \$500,000/FY23-24 and Subsequent Years

Increase Local Revenue – Net Impact –

\$615,000/FY16-17

\$1,229,900/FY17-18

\$1,858,400/FY18-19

\$2,319,600/FY19-20

Decrease Local Revenue – Net Impact –

\$28,633,600/FY20-21

\$59,586,900/FY21-22

\$90,540,200/FY22-23 and Subsequent Years

Other Fiscal Impact – Secondary economic impacts may occur as a result of this bill. Such impacts may be realized due to changes in population or as a result of other behavioral changes prompted by the passage of this bill. Due to multiple unknown factors, fiscal impacts directly attributable to such secondary economic impacts cannot be quantified with reasonable certainty.

Any change in the fiscal impact as a result of state revenue growth not exceeding an average of three percent over the previous two fiscal years will be contingent upon the specific fiscal year in which such growth was not exceeded, and the apportionment rate for local government for any such fiscal year. The fiscal impact for the bill in such instances will be significant to both state and local government; however, any such fiscal impacts cannot be quantified.

Assumptions for the bill as amended:

- Pursuant to Tenn. Code Ann. § 67-2-102, HIT is a six percent tax on income derived from dividends on stock or from interest on bonds.
- FY13-14 accruals grew 0.72 percent over FY12-13. Considering that, as of February 2015, FY14-15 cash collections are 8.68 percent higher than cash collections as of February 2014, and assuming a similar trend continues for the remainder of the current fiscal year, it is determined that state revenue growth will exceed an average of three percent over the previous two fiscal years, beginning with FY14-15.
- The tax changes shall be applied to tax years beginning with tax year 2016, and assuming that 100 percent of HIT owed for tax year 2016 under current law would be collected no later than June 30, 2017, the first year impacted by this bill will be FY16-17. This collection pattern is assumed to remain constant into perpetuity under current law.
- Pursuant to Tenn. Code Ann. § 67-2-119(a), the state retains 62.50 percent of HIT revenue and local governments are apportioned 37.50 percent, after any deductions for necessary expenses for administration.
- Based on the apportionments of HIT collections for the last three fiscal years (FY11-12, FY12-13, and FY13-14), it is estimated that the state retains 65.09 percent of HIT revenue and local governments are apportioned 34.91 percent of the total HIT amounts collected, which is equivalent to 93.09 percent ($34.91\% / 37.50\%$) of the specified rate after deductions for necessary administrative expenses.
- The effective rate of distribution to the local government under this bill will be: 41.89 percent when the HIT rate is 5.00 percent ($45.00\% \times 93.09\%$), 52.36 percent when the HIT rate is 4.00 percent ($56.25\% \times 93.09\%$), 69.82 percent when the HIT rate is 3.00 percent ($75.00\% \times 93.09\%$), and 93.09 percent when the HIT rate is 2.25 percent, 1.50 percent, or 0.75 percent ($100.00\% \times 93.09\%$).
- The current Fiscal Review Committee estimate for HIT collections in FY15-16 is \$270,000,000, of which \$175,743,000 is the state portion ($\$270,000,000 \times 65.09\%$), and \$94,257,000 is the local government portion ($\$270,000,000 \times 34.91\%$). These numbers are assumed to remain constant in subsequent years under current law.
- Fifty percent of tax savings will be spent in the economy on sales-taxable goods and services.

- The current state sales tax rate is 7.00 percent; the average local option sales tax rate is estimated to be 2.50 percent; the effective rate of apportionment to local government pursuant to the state-shared allocation is estimated to be 3.617 percent.

Assumptions related to FY16-17:

- The decrease in HIT revenue for the state in FY16-17 is estimated to be \$44,995,500 [$\$175,743,000 - (\$270,000,000 / 6.00\% \times 5.00\% \times (100.00\% - 41.89\%))$].
- The decrease in HIT revenue for the local government in FY16-17 is estimated to be \$4,500 [$\$94,257,000 - (\$270,000,000 / 6.00\% \times 5.00\% \times 41.89\%)$].
- The total tax savings are estimated to be \$45,000,000 ($\$44,995,500 + \$4,500$).
- The net increase in state sales tax revenue in FY16-17 is estimated to be \$1,518,032 [$(\$45,000,000 \times 50.00\% \times 7.00\%) - (\$45,000,000 \times 50.00\% \times 7.00\% \times 3.617\%)$].
- The total increase in local sales tax revenue in FY16-17 is estimated to be \$619,468 [$(\$45,000,000 \times 50.00\% \times 2.50\%) + (\$45,000,000 \times 50.00\% \times 7.00\% \times 3.617\%)$].
- The net decrease in state revenue as a result of this bill in FY16-17 is estimated to be \$43,477,468 ($\$44,995,500 - \$1,518,032$).
- The net increase in local revenue as a result of this bill in FY16-17 is estimated to be \$614,968 ($\$4,500 - \$619,468$).

Assumptions related to FY17-18:

- The decrease in HIT revenue for the state in FY17-18 is estimated to be \$89,991,000 [$\$175,743,000 - (\$270,000,000 / 6.00\% \times 4.00\% \times (100.00\% - 52.36\%))$].
- The decrease in HIT revenue for the local government in FY17-18 is estimated to be \$9,000 [$\$94,257,000 - (\$270,000,000 / 6.00\% \times 4.00\% \times 52.36\%)$].
- The total tax savings are estimated to be \$90,000,000 ($\$89,991,000 + \$9,000$).
- The net increase in state sales tax revenue in FY17-18 is estimated to be \$3,036,064 [$(\$90,000,000 \times 50.00\% \times 7.00\%) - (\$90,000,000 \times 50.00\% \times 7.00\% \times 3.617\%)$].
- The total increase in local sales tax revenue in FY17-18 is estimated to be \$1,238,936 [$(\$90,000,000 \times 50.00\% \times 2.50\%) + (\$90,000,000 \times 50.00\% \times 7.00\% \times 3.617\%)$].
- The net decrease in state revenue as a result of this bill in FY17-18 is estimated to be \$86,954,936 ($\$89,991,000 - \$3,036,064$).
- The net increase in local revenue as a result of this bill in FY17-18 is estimated to be \$1,229,936 ($\$9,000 - \$1,238,936$).

Assumptions related to FY18-19:

- The decrease in HIT revenue for the state in FY18-19 is estimated to be \$135,000,000 [$\$175,743,000 - (\$270,000,000 / 6.00\% \times 3.00\% \times (100.00\% - 69.82\%))$].
- The decrease in HIT revenue for the local government in FY18-19 is estimated to be \$0 [$\$94,257,000 - (\$270,000,000 / 6.00\% \times 3.00\% \times 69.82\%)$].
- The total tax savings are estimated to be \$135,000,000 ($\$135,000,000 + \0).
- The net increase in state sales tax revenue in FY18-19 is estimated to be \$4,554,097 [$(\$135,000,000 \times 50.00\% \times 7.00\%) - (\$135,000,000 \times 50.00\% \times 7.00\% \times 3.617\%)$].

- The total increase in local sales tax revenue in FY18-19 is estimated to be \$1,858,403 [(\$135,000,000 x 50.00% x 2.50%) + (\$135,000,000 x 50.00% x 7.00% x 3.617%)].
- The net decrease in state revenue as a result of this bill in FY18-19 is estimated to be \$130,445,903 (\$135,000,000 - \$4,554,097).
- The net increase in local revenue as a result of this bill in FY18-19 is estimated to be \$1,858,403 (\$0 - \$1,858,403).

Assumptions related to FY19-20:

- The decrease in HIT revenue for the state in FY19-20 is estimated to be \$168,746,625 [\$175,743,000 – (\$270,000,000 / 6.00% x 2.25% x (100.00% - 93.09%))].
- The decrease in HIT revenue for the local government in FY19-20 is estimated to be \$3,375 [\$94,257,000 – (\$270,000,000 / 6.00% x 2.25% x 93.09%)].
- The total tax savings are estimated to be \$168,750,000 (\$168,746,625 + \$3,375).
- The net increase in state sales tax revenue in FY19-20 is estimated to be \$5,692,621 [(\$168,750,000 x 50.00% x 7.00%) – (\$168,750,000 x 50.00% x 7.00% x 3.617%)].
- The total increase in local sales tax revenue in FY19-20 is estimated to be \$2,323,004 [(\$168,750,000 x 50.00% x 2.50%) + (\$168,750,000 x 50.00% x 7.00% x 3.617%)].
- The net decrease in state revenue as a result of this bill in FY19-20 is estimated to be \$163,054,004 (\$168,746,625 - \$5,692,621).
- The net increase in local revenue as a result of this bill in FY19-20 is estimated to be \$2,319,629 (\$3,375 - \$2,323,004).

Assumptions related to FY20-21:

- The decrease in HIT revenue for the state in FY20-21 is estimated to be \$171,078,750 [\$175,743,000 – (\$270,000,000 / 6.00% x 1.50% x (100.00% - 93.09%))].
- The decrease in HIT revenue for the local government in FY20-21 is estimated to be \$31,421,250 [\$94,257,000 – (\$270,000,000 / 6.00% x 1.50% x 93.09%)].
- The total tax savings are estimated to be \$202,500,000 (\$171,078,750 + \$31,421,250).
- The net increase in state sales tax revenue in FY20-21 is estimated to be \$6,831,145 [(\$202,500,000 x 50.00% x 7.00%) – (\$202,500,000 x 50.00% x 7.00% x 3.617%)].
- The total increase in local sales tax revenue in FY20-21 is estimated to be \$2,787,605 [(\$202,500,000 x 50.00% x 2.50%) + (\$202,500,000 x 50.00% x 7.00% x 3.617%)].
- The net decrease in state revenue as a result of this bill in FY20-21 is estimated to be \$164,247,605 (\$171,078,750 - \$6,831,145).
- The net decrease in local revenue as a result of this bill in FY20-21 is estimated to be \$28,633,645 (\$31,421,250 - \$2,787,605).

Assumptions related to FY21-22:

- The decrease in HIT revenue for the state in FY21-22 is estimated to be \$173,410,875 [\$175,743,000 – (\$270,000,000 / 6.00% x 0.75% x (100.00% - 93.09%))].
- The decrease in HIT revenue for the local government in FY21-22 is estimated to be \$62,839,125 [\$94,257,000 – (\$270,000,000 / 6.00% x 0.75% x 93.09%)].

- The total tax savings are estimated to be \$236,250,000 (\$173,410,875 + \$62,839,125).
- The net increase in state sales tax revenue in FY21-22 is estimated to be \$7,969,669 [(\$236,250,000 x 50.00% x 7.00%) – (\$236,250,000 x 50.00% x 7.00% x 3.617%)].
- The total increase in local sales tax revenue in FY21-22 is estimated to be \$3,252,206 [(\$236,250,000 x 50.00% x 2.50%) + (\$236,250,000 x 50.00% x 7.00% x 3.617%)].
- The net decrease in state revenue as a result of this bill in FY21-22 is estimated to be \$165,441,206 (\$173,410,875 - \$7,969,669).
- The net decrease in local revenue as a result of this bill in FY21-22 is estimated to be \$59,586,919 (\$62,839,125 - \$3,252,206).

Assumptions related to FY22-23 and subsequent years:

- The decrease in HIT revenue for the state in FY22-23 and subsequent years is estimated to be \$175,743,000, as the HIT will be fully eliminated.
- The decrease in HIT revenue for the local government in FY22-23 and subsequent years is estimated to be \$94,257,000, as the HIT will be fully eliminated.
- The total tax savings are estimated to be \$270,000,000 (\$175,743,000 + \$94,257,000).
- The net increase in state sales tax revenue in FY22-23 and subsequent years is estimated to be \$9,108,193 [(\$270,000,000 x 50.00% x 7.00%) – (\$270,000,000 x 50.00% x 7.00% x 3.617%)].
- The total increase in local sales tax revenue in FY22-23 and subsequent years is estimated to be \$3,716,807 [(\$270,000,000 x 50.00% x 2.50%) + (\$270,000,000 x 50.00% x 7.00% x 3.617%)].
- The net decrease in state revenue as a result of this bill in FY22-23 and subsequent years is estimated to be \$166,634,807 (\$175,743,000 - \$9,108,193).
- The net decrease in local revenue as a result of this bill in FY22-23 and subsequent years is estimated to be \$90,540,193 (\$94,257,000 - \$3,716,807).

Assumptions related to expenditures and secondary economic impacts:

- The Department of Revenue will eliminate all seven HIT audit positions once HIT is fully phased out. The recurring decrease in state expenditures is estimated to be approximately \$500,000. Due to filing extensions and late filings, all auditors will remain in the HIT division through FY22-23.
- There could be subsequent increases in state and local government revenue and expenditures due to the secondary economic impacts prompted by the passage of this bill. Increases in revenue may occur if the state's population increases as a result of reduced tax liability. Increases in expenditures may occur if the demand for governmental programs and infrastructure increases as a result of population increases. Due to multiple unknown factors, such as the extent and timing of population changes, the fiscal impacts directly attributable to such secondary economic impacts cannot be quantified with reasonable certainty.
