

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

SB 266 – HB 359

February 9, 2015

SUMMARY OF BILL: Extends the termination date for the Tennessee Dairy Promotion Committee to June 30, 2021. Under the *Tennessee Governmental Entity Review Law*, the Committee is scheduled to terminate on June 30, 2015.

Requires each department, commission, board, agency, or council of state government created during calendar year 2019 to terminate on June 30, 2021. Specifies that any such governmental entity that is terminated may be continued, reestablished, or restructured.

Authorizes the Commissioner of Agriculture to appoint members to the Committee from agricultural dairy cooperatives and individual producers who are not members of the agricultural dairy cooperatives in the state of Tennessee. The Commissioner is required to consult with the cooperatives and producers to determine qualified persons to fill the positions on the Committee.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – To the extent a governmental entity is not continued in the future, or the funding level is changed in the future for an entity that is continued, reestablished, or restructured, the fiscal impact is considered indeterminable because such impact(s) are dependent upon unknown factors. Otherwise, the fiscal impact for this bill is considered not significant.

Assumptions:

- One of the provisions of this bill continues the Tennessee Dairy Promotion Committee at its current funding level. As a result, this provision will have no fiscal impact on state government.
- According to the Department of Agriculture, the Committee did not incur any expenditures over the past two fiscal years.
- The fiscal impact relative to any governmental entity that will be terminated on June 30, 2021, under the provisions of this bill, is dependent upon whether any such terminated entity will be continued, reestablished, or restructured, and the funding level for which it is continued, reestablished, or restructured. To the extent an entity is not continued in the future or the funding level is changed in the future for an entity that is continued, reestablished or restructured, the fiscal impact to state government is indeterminable

because such impact(s) would be based on unknown factors. To the extent the terminated entities are continued, reestablished, or restructured at current funding levels, the fiscal impact to state government is estimated to be not significant.

- Expanding the groups that may submit candidates for the Committee to the Commissioner will not significantly alter the workload of the Commissioner's office when determining Board appointments. Any impact is estimated to be not significant.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
