

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 149

January 29, 2019

SUMMARY OF BILL: Exempts historic military vehicles from the requirement to display the vehicle's registration plate on the vehicle. Establishes that, in lieu of such display, the owner or operator is required to maintain the registration plate in the vehicle and produce the plate for inspection upon the request of any law enforcement officer.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- The legislation defines a 'historic military vehicle' as a vehicle, including trailer, that is at least 50 years old at the time of making application for vehicle registration, was manufactured for use in any country's military forces and is maintained to represent the vehicle's military design and markings, regardless of the vehicle's size or weight.
- The exemption created by this legislation does not exempt such vehicles from the annual requirement to register such vehicles with the Department of Revenue; therefore, this legislation will have no significant fiscal impact on state government.
- The proposed exemption will not significantly impact state or local law enforcement revenue or expenditures.
