

January 27, 2020

SUMMARY OF BILL: Requires any person conducting an interview or interrogation of a child taken into custody for suspicion of the commission of a delinquent act or unruly conduct to make a video recording of such interview or interrogation.

ESTIMATED FISCAL IMPACT:

Increase Local Expenditures –

Exceeds \$40,200/FY20-21*

Exceeds \$6,700/FY21-22 and Subsequent Years*

Assumptions:

- Requiring video recordings to be made when interviewing or interrogating children taken into custody will increase expenditures for local law enforcement agencies.
- There are approximately 449 local law enforcement agencies that would be responsible for video recording any interview or interrogation of a child concerning a delinquent act or unruly conduct.
- This analysis estimates that a minimum of 15 percent of these agencies would need to purchase cameras, camera related hardware and equipment, and video archiving technology, including but not limited to servers or server space, in order to meet the provisions of the proposed legislation.
- At least 67 (449 x 15%) local law enforcement agencies will require acquisition of cameras and other related technology to effectuate the purposes of this legislation.
- A minimum cost of \$500 for any camera related technology.
- The mandatory one-time increase in local expenditures in FY20-21 for camera technology is estimated to exceed \$33,500 (67 minimum agencies x \$500) statewide.
- The proposed legislation will result in additional recurring costs in FY20-21 and subsequent fiscal years for maintenance, video archiving server space, depreciation and other related costs estimated to exceed 20 percent of all equipment costs, the mandatory recurring increase in local expenditures is estimated to exceed \$6,700 (\$33,500 x 20%) statewide.
- The total increase in local expenditures resulting from the proposed legislation in FY20-21 is estimated to exceed \$40,200 (\$33,500 + \$6,700).
- Any impact to state or federal government resulting from the proposed legislation is estimated to be not significant.

*Article II, Section 24 of the Tennessee Constitution provides that: *no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
