AMEND Senate Bill No. 1290

House Bill No. 0712

by adding the following new subpart (4) to subsection () of Section 3 as amended by House Amendment No. 1:

(4) Notwithstanding the provisions of this subsection to the contrary, the general assembly finds that it is unreasonable per se to require a minority physician who practices in a county with a minority population in excess of twenty percent (20%) to move more than two (2)miles from such physician's primary practice site. Because such a requirement is also harmful to and will adversely affect the public interest and health, nothing in this subsection shall operate to require such a physician to move more than two (2) miles from the primary practice site.
