

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: Fiscal Review Committee Staff

DATE: February 6, 1995

SUBJECT: **SENATE BILL 26 - HOUSE BILL 84**

This bill, if enacted, will include “non-residential methadone treatment facilities” under the definition of health care institution. This bill further provides that such facilities shall be covered under TCA, Section 68-11-106 requiring such facilities to obtain certification of need as specified.

The fiscal impact from enactment of this bill is estimated to result in an increase in state revenues from the collection of fees to process certificate of need applications; however, the amount of such increase cannot be reasonably determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
