

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 9, 1996

SUBJECT: **SB 2741 - HB 2700**

This bill, if enacted, will amend the Emergency Medical Services Act to allow out-of-state ambulance services to regularly operate in Tennessee without licensure only when requested to do so by a city or county government. This will affect only three or four services in the state according to the Department of Health.

The fiscal impact of this bill is estimated to be an increase in state revenues and an increase in state expenditures to the extent that such Emergency Medical Services affected by the Act seek to become licensed in Tennessee, however such increase is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
